

AMP KiwiSaver Scheme

1 December 2021

Fees and other charges

This document provides information about the fees and other charges relating to the AMP KiwiSaver Scheme (Scheme) and should be read with the Product Disclosure Statement (PDS) for the Scheme and any quarterly fund updates given to you with the PDS.

The information in this document explains the fees and other charges involved if you are a member of the Scheme. AMP Wealth Management New Zealand Limited charges fees and recovers expenses to cover administration of your account, the Scheme itself and costs associated with the professional management of your investments. Other fees and expenses may be payable and are detailed below.

Lifesteps

The shaded funds above are offered in Lifesteps. If you select Lifesteps you'll pay the fee applicable to the particular fund you are invested in at the time.

[^]For further information on previous Fund names, refer to our website amp.co.nz/transforming-amp

*Different fees may apply, which will be set out in the member booklet or supplement that is given to you with the PDS if it is applicable.

¹As at 1 December 2021 the AMP Defensive Conservative Fund is closed to new investors. The AMP Defensive Conservative Fund was previously named the AMP Default Fund.

²Until 1 April 2022 the total of any other fees, costs and expenses (excluding transaction costs and performance fees in underlying funds) will be capped at 0.04% per year of the value of your investment in the AMP Defensive Conservative Fund. From 1 April 2022 the total of any other fees, costs and expenses (excluding transaction costs and performance fees in underlying funds) is expected to be approximately 0.09%. The restriction on fees charged directly or indirectly to your account only applies to those who have been allocated to the Scheme as a default investor and have not made an active fund choice, but until 1 April 2022 we will apply the cap to all investors in the AMP Defensive Conservative Fund. From 1 April 2022 this fee cap will be removed for all AMP Defensive Conservative Fund investors as all members of the AMP Defensive Conservative Fund who have not made an active fund choice will have been transferred out to a new default KiwiSaver scheme.

Management fee

AMP as the manager of the Scheme is entitled to charge a fee for providing its services to the Scheme. The management fee includes the remuneration to AMP as the manager of the Scheme, and is used to contribute to the costs associated with administering the scheme. The management fee is also used to pay the underlying fund managers for managing the underlying funds in which the assets of the Scheme are invested or, in the case of underlying funds AMP manages, to pay BlackRock Investment Management (Australia) Limited for the investment management services it provides. However, we are entitled to be reimbursed from the Funds for any performance fee charged by an underlying fund manager that is not related to us where that expense is passed onto us.

Other costs which the management fee contributes to include paying AMP Services (NZ) Limited (AMP Services) for performing its role as administration manager of the Scheme and The New Zealand Guardian Trust Company Limited (Supervisor) for performing its role as supervisor of the Scheme. This is in accordance with the Trust Deed whereby the Supervisor can charge an annual fee for performing their services under the Trust Deed and we can appoint an administration manager and agree with that administration manager the fees that may be charged. We may at any time agree with AMP Services to change the fee paid to them. AMP Services is a related party of ours.

We may also pay your adviser, a distributor or another intermediary up to 0.20% per annum from the management fee for administrative support and services they may provide on our behalf.

The management fee is calculated daily as a percentage of the value of your investment in each Fund. It is deducted from each Fund and reflected in the value of your units.

Costs and expenses

We and the Supervisor may charge other costs and expenses to the Funds or your account that may include fees, costs and expenses charged to us by third parties. These include the costs of running the Scheme, such as accounting and audit requirements, registry costs and regulatory compliance costs. These may include costs and expenses charged to us by AMP Services that are not covered by the fee we pay to them out of the management fee. These will only include costs and expenses that we would be permitted by the Trust Deed to recover if we were incurring the costs and expenses ourselves. The types and/or amounts of such costs and expenses may change from time to time. Any costs and expenses charged to the Funds are reflected in the unit price of the Fund concerned and therefore will affect your return. These costs and expenses will be reported in the Financial Statements, which are available from amp.co.nz/forms.

Costs and expenses also include underlying fund fees because the underlying funds into which the Funds invest also have fees and expenses, including performance fees and actual transaction costs, charged by the managers and trustees of those funds. These fees and expenses will be reflected in the underlying fund's unit price and may not be rebated to the Scheme.

Some of the underlying funds into which the Funds invest are managed by AMP. Some other underlying funds are managed by AMP Capital Investors (New Zealand) Limited (AMP Capital). AMP Capital is a related party of AMP and AMP Services. These underlying funds may themselves invest into other funds managed by AMP, AMP Capital or a related party. AMP, AMP Capital and their related parties may recover costs and expenses of managing the underlying funds (including any performance fees charged by an investment manager or underlying fund manager that is not a related party), which will be reflected in that fund's unit price.

The Supervisor can also charge special fees in relation to the Scheme. These fees are based on a time cost and reasonable disbursements basis, as we may agree from time to time (our agreement must not be unreasonably withheld).

There are currently no limits on the amount of the expenses and costs that may be reimbursed to us, AMP Services or the Supervisor from the assets of the Scheme. However, any entitlements to recover expenses and costs from the Scheme are subject to the 'reasonable fees' restrictions prescribed in the KiwiSaver Act 2006.

Basis of estimates for annual fund charges in PDS

In determining the total annual fund charges in the PDS, Fund Update Booklet and the Member Booklets (where relevant), estimates were made for certain fees and costs. These have been estimated as a percentage of the Funds' net asset value and include both expenses incurred by the Scheme and fees and costs charged by the managers of the underlying funds in which the Scheme invests. These include fees for audit, printing and distribution, regulatory compliance, IT, administration manager costs and expenses, performance fees charged by unrelated underlying funds and other professional service fees. The determination of these fees is based on estimates provided by the Scheme's professional service providers, information provided by the custodian of the underlying funds or underlying fund managers of the Scheme relating to the underlying fund fees, and our experience with the Scheme (including taking into account the actual costs and expenses charged over the most recently completed Scheme year). The estimated amounts are set out in the annual fund charges section of this document and the PDS.

Other charges

The other charges are described in the AMP KiwiSaver Scheme's PDS. The 'other charges' relating to the AMP KiwiSaver Scheme is the member fee which is used to pay for the general administration of your membership.

The member fee is currently \$1.95 per month or \$23.40 per annum, per investor. You'll be charged \$1.95 per month even if you choose more than one Fund. Any difference in the member fee will be set out in the member booklet or supplement. If a member booklet or supplement is applicable to you, a copy will have been given to you with the PDS.

This fee is normally deducted each month from the start of your membership by cashing up some of your units. It may be deducted the following month if we experience operational delays.

Individual action fees

The information in this section forms part of the PDS for, and each quarterly fund update for the funds within, the AMP KiwiSaver Scheme.

Individual action fees are fees charged on an individual basis for investor-specific decisions or actions (for example, fees relating to contributions, establishment, termination or withdrawals). There are currently no contribution, establishment, termination or withdrawal fees in the AMP KiwiSaver Scheme. The individual action fees that we may charge are set out below.

Fees for overseas transfers

If you transfer from the Scheme to an overseas account, (for example, as a result of a transfer to an Australian complying superannuation fund) a bank transfer fee may be charged by the initiating and receiving banks that enable the transfer. The Australian complying superannuation fund provider or other recipient of a transfer may also charge a fee.

Other information on fees and other charges

The other information on fees and other charges relating to the AMP KiwiSaver Scheme are described below.

Transaction costs

Transaction costs are the actual costs of buying and/or selling units in underlying funds. These costs may, at our discretion, be included within a fund for buying and selling units in an underlying fund. Currently, any transaction costs when a fund buys units in an underlying fund are reflected in the unit price of the fund. However no such allowance is made in any fund's unit price for any transaction costs incurred when a fund sells units in an underlying fund. Instead these transaction costs are paid out of the fund's assets. This could change in the future without notification.

Where BlackRock Investment Management (Australia) Limited has been appointed to provide investment management services there are currently no buy/sell spreads in these underlying funds.

AMP Defensive Conservative Fund fees

If you are an investor in the AMP Defensive Conservative Fund, until 1 April 2022 the total of any other fees, costs and expenses (excluding transaction costs and performance fees in underlying funds) will be capped at 0.04% per year of the value of your investment in the AMP Defensive Conservative Fund. The restriction on fees charged directly or indirectly to your account only applies to those who have been allocated to the Scheme as a default investor and have not made an active fund choice, but until 1 April 2022 we will apply the cap to all investors in the AMP Defensive Conservative Fund. From 1 April 2022 this fee cap will be removed for all AMP Defensive Conservative Fund investors as all members of the AMP Defensive Conservative Fund who have not made an active fund choice will have been transferred out to a new default KiwiSaver scheme.

How does tax affect these fees?

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses where applicable.

Management fees are deducted when we calculate your share of the AMP KiwiSaver Scheme's taxable income or loss. Fees charged directly to you, such as the member fee, are deducted when calculating your share of the AMP KiwiSaver Scheme's PIE tax liability. Your actual fees will vary on an after-tax basis depending on your Prescribed Investor Rate.
