

# Booster Investment Scheme

## Product Disclosure Statement

---

### Investment Series: Enhanced Cash Portfolio and Income Securities Portfolio

Offer of units in the  
Booster Investment Scheme

**29 September 2017**

**Issuer: Booster Investment Management Limited**

This document replaces the Product Disclosure Statement dated 19 September 2016

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose). Booster Investment Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you make an investment decision.

# 1. Key information summary

---

## What is this?

This is a managed investment scheme.

Your money will be pooled with other investors' money and invested in various investments.

Booster Investment Management Limited (**Booster**) will invest your money and charge you a fee for its services.

The returns you receive are dependent on the investment decisions of Booster and the performance of the investments. The value of those investments may go up or down.

The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

The Booster Investment Scheme has a total of 24 funds for you to choose from.

This Product Disclosure Statement covers two of these funds – the Investment Series: Enhanced Cash Portfolio and Income Securities Portfolio (which has two investment options – Call Class and Term Class Series). These funds are summarised on the following page.

More information about the investment target and strategy for each fund is provided at Section 3 – *Description of your investment options*.

All investments in the funds are made through the Booster wrap administration system (**System**). You'll need to enter into an agreement with a financial adviser who uses the System and the System administrator before making an investment. See Section 2 – *How does this investment work? – Making investments* for more information.

If you'd like to know about the other funds visit [www.booster.co.nz](http://www.booster.co.nz), contact us, or ask your financial adviser.

## Who manages the Booster Investment Scheme?

Booster is the manager of the Booster Investment Scheme.

You may have known us as Grosvenor – we are now called Booster.

You'll learn more about us in Section 7 – *Who is involved?*

## What are the returns?

The Enhanced Cash Portfolio makes monthly income distributions. At the end of each month you will receive additional units in the fund which represents your share of the income earned during that month.

The Income Securities Portfolio Term Class Series distributes the income earned at the end of March of each

year and at the end of your selected investment term.

At the end of your investment term your investment and the income earned that has not been distributed will be automatically invested in the Income Securities Portfolio Call Class unless you choose to either invest your money for another investment term or have the amount paid to your System account.

The Income Securities Portfolio Call Class does not make income distributions. The income earned is reflected in the unit price on a daily basis.

See Section 2 – *How does this investment work?* for more information.

## How can you get your money out?

Generally, you can withdraw some or all of your investment in the Enhanced Cash Portfolio and Income Securities Portfolio Call Class at any time, and at the end of your selected investment term in the Income Securities Portfolio Term Class Series. Your financial adviser will facilitate your withdrawal request with the System administrator. There are minimum withdrawal amount requirements and you must maintain the minimum on-going balance for each fund you invest in.

Withdrawal requests received before 10am on a business day will normally be paid to your System account in cash that day.

Your investment in these Investment Series Funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

We'll explain how you can withdraw your investment in Section 2 – *How does this investment work?*

## How will your investment be taxed?

The Booster Investment Scheme is a portfolio investment entity (**PIE**) for tax purposes.

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (**PIR**). To determine your PIR, go to [www.ird.govt.nz/toii/pir/](http://www.ird.govt.nz/toii/pir/).

See Section 6 of the PDS – *What taxes will you pay?* on page 10 for more information.

## Where can you find more key information?

Booster is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [www.booster.co.nz](http://www.booster.co.nz). The manager will also give you copies of those documents on request.

## Your fund options

Fund	Description and investment objective <sup>1</sup>	Risk indicator
<b>Enhanced Cash Portfolio</b>	The fund invests entirely in income assets. It is suited to investors looking for an on-call investment with a low level of risk and are willing to accept a relatively modest level of returns.	<p>← Potentially lower returns      Potentially higher returns →</p> <p>1 2 3 4 5 6 7</p> <p>← Lower risk      Higher risk →</p>
<b>Income Securities Portfolio</b>	The fund invests entirely in income assets. It is suited to investors looking for an on-call or term investment with a low level of risk and are willing to accept a relatively modest level of returns.	<p>← Potentially lower returns      Potentially higher returns →</p> <p>1 2 3 4 5 6 7</p> <p>← Lower risk      Higher risk →</p>

<sup>1</sup> **Income assets** include cash and fixed interest investments.

## The fees you pay

Fund	Annual fund charges (estimated)	Individual action fees
<b>Enhanced Cash Portfolio<sup>2</sup></b>	0.44%	<b>Income Securities Portfolio Term Class Series</b>
<b>Income Securities Portfolio</b>	While no fee is paid directly by investors, Booster retains the difference between the income earned by the fund and the Posted Rates to pay for the costs and expenses of running the fund.	<b>Early Withdrawal fee</b> Booster may charge you an early withdrawal fee. This fee will be the greater of \$250 or 2% of the amount withdrawn or switched, but is capped to the total amount of income earned on your investment as at the date the withdrawal is made.

<sup>2</sup> Calculated daily as a percentage of the net asset value of the fund.

For more information about the fees charged, see Section 5 – *What are the fees?*

See Section 4 – *What are the risks of investing?* for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.booster.co.nz/investment-series](http://www.booster.co.nz/investment-series).

## 2. How does this investment work?

Booster Investment Scheme is a managed investment scheme. It's registered under the Financial Markets Conduct Act 2013.

### Why invest

The key benefits of investing in Booster Investment Scheme include:

- **Diversification.** Your money is combined with other investors' money, giving you access to a wider variety of investments than you could usually achieve on your own.
- **Experience.** The investments are managed by experienced professionals.
- **Flexibility.** You can choose from a range of funds to suit your investor profile and investment goals. How much you invest and when you withdraw is up to you. You can also request any changes to your investment at any time.
- **Responsible investing.** For all investment funds, we apply responsible investing principles, analysing each investment according to environmental, social and governance criteria.
- **Knowledge.** We keep you up to date about your investment with regular reporting and you can easily access information about your investment online.
- **Financial advice.** You have a financial adviser who will be able to help you with your investment decisions.

### How it works

Booster Investment Scheme is governed by a trust deed, which is an agreement between the Manager (**Booster**) and the Supervisor (**Public Trust**) describing how the scheme works and our responsibilities. We are responsible for managing the Booster Investment Scheme and Public Trust supervises us to make sure we meet our responsibilities and obligations. Public Trust has also appointed a custodian to hold the investments on behalf of investors. This structure is designed to ensure that your best interests are always put first.

There are two funds covered by this Product Disclosure Statement, each with a different investment objective and strategy. You do have more funds to choose from – see *How to switch between funds* on page 6 for more information. While the investments of each fund are kept separate, the investments of any fund in the Booster Investment Scheme are available to meet the liabilities of another fund should that become necessary.

### Enhanced Cash Portfolio

When you invest your money in the Enhanced Cash Portfolio, you receive 'units' which are priced at \$1.00 each. These units represent your share of the investments in the fund.

Booster sets a 'Posted Rate' for the fund, which is the return (before tax and after fees) that is payable from the income earned by the fund's investments. The Posted Rate can change at any time and Booster will let your financial adviser know when it changes.

The income earned by the fund is accrued daily at the Posted Rate and takes into account the number of days you were invested in the fund during the month. At the end of each month you will receive additional units in the fund which represents your share of the income earned during that month.

## Income Securities Portfolio

The Income Securities Portfolio offers two investment options for you to choose from:

- **Call Class** – your money is invested in the Income Securities Portfolio and is available ‘on-call’.
- **Term Class Series** – your money is invested in the Income Securities Portfolio for a fixed period of time.

### Call Class

When you invest your money in the Income Securities Portfolio Call Class, you receive Call Class ‘units’. These units represent your share of the investments in the fund.

Booster sets a ‘Posted Rate’ for the Call Class units, which is the return (before tax and after fees) that is payable from the income earned by the fund’s investments. The Posted Rate can change at any time and Booster will let your financial adviser know when it changes.

There are no income distributions made to investors holding Call Class units. The income earned is reflected in the Call Class units’ unit price on a daily basis.

### Term Class Series

When you invest your money in the Income Securities Portfolio Term Class Series, you receive Term Class Series ‘units’ which are priced at \$1.00 each. These units represent your share of the investments in the fund.

Booster sets a ‘Posted Rate’ which is the rate of return (before tax and after fees) that will be payable on your investment at the end of the investment term.

The income earned on the fund’s investments is accrued daily at the Posted Rate and distributed to you before tax and after fees and takes into account the number of days you held the Term Class Series units.

### Providing the Posted Rates for the Income Securities Portfolio

Booster and the Supervisor have entered into a ‘Swap Agreement’ to provide the Posted Rates for the Income Securities Portfolio Call Class and Term Class Series.

Under this agreement Booster provides the Posted Rates to investors and in exchange Booster receives the income earned from the fund’s investments. Any surplus between the investment income and the Posted Rates is retained by Booster to pay the costs and expenses of running the fund. If the investment income is less than the Posted Rates, Booster is still required to provide the Posted Rates to investors.

This means that as an investor in the fund, you will receive the Posted Rate regardless of the income earned from the fund’s investments. The only exception is if a force majeure event occurs (an event that is beyond the control of Booster such as the failure of an issuer of securities to meet their obligations), it may result in you receiving less than the Posted Rate and the reduction in the value of your initial investment.

For more information on the Swap Agreement, see the ‘Other material information’ document available on the offer register at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose).

## Making investments

### How you invest

All investments in the funds are made through the Booster wrap administration system (**System**). You’ll need to enter into an agreement with a financial adviser who uses the System and the System administrator before making an investment. The agreement explains the terms and conditions of using the System and appoints and authorises your financial adviser to provide various administration services to you and the System administrator. By investing through the System, your investment will be held by a custodian on your behalf, but you remain the beneficial owner of the investment.

### Which funds can you choose?

You can choose to invest in one or more funds. Your financial adviser will advise you on the fund/s that best suit your investor profile and investment goals.

### How much can you invest?

#### Enhanced Cash Portfolio and Income Securities Portfolio Call Class

The minimum initial investment in the Enhanced Cash Portfolio and Income Securities Portfolio Call Class is \$1,000. While you’re not required to make any further investments, you can invest more at any time by either making lump sum investments (minimum \$500) or regular investments (minimum \$100). These additional amounts can be invested in either the Enhanced Cash Portfolio or the Income Securities Portfolio Call Class.

If you would like to make regular investments, you have the option of making deposits fortnightly, monthly or quarterly. You can also choose the date on which the money is deducted from your bank account and then added to your investment. You’re also able to increase, reduce or suspend your regular investment amount at any time so long as your investment does not fall below the minimum on-going balance in each fund. To set-up a regular investment, you’ll need to complete a regular investment form which is available from your financial adviser.

Booster may waive or vary the minimum investment amounts at any time.

#### Income Securities Portfolio Term Class Series

The minimum investment in an Income Securities Portfolio Term Class Series is \$1,000. While you’re not required to make any further investments, you can choose to invest more by setting up another investment in an Income Securities Portfolio Term Class Series.

Booster may waive or vary the minimum investment amounts at any time.

### Maximum investment amount

While the maximum amount you invest is up to you, the only restriction is that no investor can own 20% or more of all the units in a fund. This is to ensure that the Booster Investment Scheme maintains its PIE eligibility status for tax purposes. If the amount you invest initially or subsequently means the Booster Investment Scheme or the fund will be unable to continue as a PIE, we may either refuse to accept your investment or accept a reduced amount to be invested in your chosen fund/s.

## How do you pay?

You can make lump sum investments by cheque, direct credit or any other method acceptable to the System administrator. Regular investments are to be made by direct debit. Cash deposits will not be accepted.

## Withdrawing your investments

### Enhanced Cash Portfolio and Income Securities Portfolio Call Class

You can withdraw some or all of your investment at any time. You'll need to tell your financial adviser so they can facilitate your withdrawal request.

The minimum lump sum withdrawal amount is \$500.

You also have the option to make regular withdrawals (minimum \$100 per withdrawal) fortnightly, monthly, quarterly or six monthly and you can choose the date on which the money is to be paid to your bank account. To set-up a regular withdrawal, you'll need to complete a regular withdrawal authority form which is available from your financial adviser.

### Income Securities Portfolio Term Class Series

Investments are repaid at the end of your selected investment term. You should let your financial adviser or Booster know before the end of the investment term whether you wish to withdraw your money or reinvest your money for another investment term. If you don't let us know, your money will be automatically invested in the Income Securities Portfolio Call Class.

If you choose to withdraw some or all of your investment before the end of the investment term, the minimum withdrawal amount is \$500. Booster may, at its discretion, allow the withdrawal and charge an early withdrawal fee. See Section 5 – *What are the fees?* for more information.

### Minimum on-going balance

You'll need to maintain the minimum on-going balance of \$1,000 in each fund after any withdrawal. If your withdrawal request takes your balance below this amount, you will need to either top up your investment back to the minimum balance or transfer your money to another fund that you hold. If you don't hold units in another fund, Booster reserves the right to pay the balance of your investment less any tax and fees to your bank account and your investment in the fund will cease.

### Making a withdrawal

Withdrawal requests received before 10am on a business day will normally be processed the same day but could take up to 30 business days of receiving the request.

In very unusual circumstances (such as the suspension of trading on a particular investment market exchange) we can delay the payment of withdrawals if we believe that making payments is not practicable, or in the best interests of all Booster Investment Scheme investors.

When a full withdrawal is made, tax will be deducted (or refunded) before the money is paid to you. For partial withdrawals, while tax will normally be deducted (or refunded) at the end of the tax year, a deduction may be made from the amount payable to ensure that enough money remains in your account to cover any tax payment.

If you are invested in the Income Securities Portfolio Term Class Series and the investment term ends after 31 March, Booster will distribute the income earned to that date and deduct any tax that is due. The net amount will be paid to your System account.

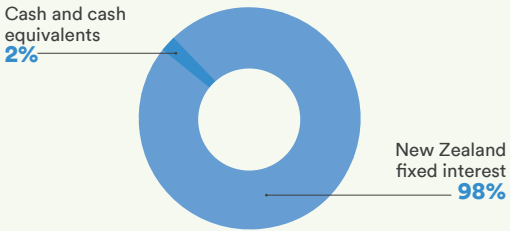

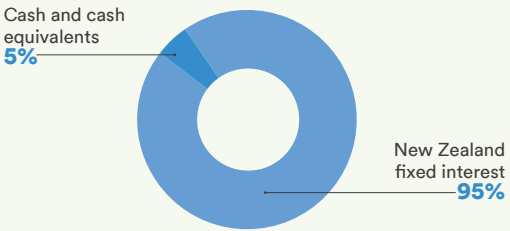

## How to switch between funds

At any time, you can change the funds that your money is invested in. However, if you wish to switch some or all of your investment in an Income Securities Portfolio Term Class Series investment before the end of your selected investment term, Booster may at its discretion allow the switch and may charge an early withdrawal fee. See Section 5 – *What are the fees?* for more information.

There are additional Booster Investment Scheme funds that you can invest in which are not covered in this Product Disclosure Statement. You can learn about them in the following Product Disclosure Statements available from your financial adviser, by contacting us, or by visiting [www.booster.co.nz](http://www.booster.co.nz).

- Booster Investment Scheme – Investment Series: Multi-sector Funds;
- Booster Investment Scheme – Investment Series: Income Funds and Corporate Bond Fund;
- Booster Investment Scheme – Focus Series Funds; and
- Booster Investment Scheme – Specialist Series Funds.

#### Statement of Investment Policy and Objectives

If you would like to learn more about the funds, you can read the Statement of Investment Policy and Objectives (SIPO). The most current SIPO for the funds can be found on the scheme register at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose) or on our website [www.booster.co.nz](http://www.booster.co.nz). We may change the SIPO from time to time without notifying you. We will consult with the Supervisor and give them written notice of any changes before they take effect. Any material changes will be advised in the Booster Investment Scheme annual report.

Further information about the assets in the funds can be found in the fund updates at [www.booster.co.nz](http://www.booster.co.nz).

#### What we mean when we talk about:

- Income assets** – cash and fixed interest investments.

## 4. What are the risks of investing?

### Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

The risk indicator for each fund covered in this Product Disclosure Statement can be found on page 3.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.booster.co.nz/investment-series](http://www.booster.co.nz/investment-series).

Note that even the lowest category does not mean a risk-free investment, and there may be other risks (described under the heading 'Other specific risks') that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 30 June 2017. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each fund.

We believe that the period of returns used to calculate the risk ratings may not be representative of the average investment cycle for the funds and therefore the risk indicators shown may be different if calculated over longer term investment periods.

### General investment risks

Some of the things that may cause the fund's value to move up and down, which affect the risk indicator, are:

- **Asset class risk.** The risk for each fund is largely determined by the mix of assets in the fund. Funds with more growth assets such as shares generally suffer bigger and more frequent losses and gains over the long-term than funds with more income assets such as fixed interest investments.
- **Market risk.** This is the risk that a fund experiences losses due to factors that may impact the overall performance of financial markets. These factors include, but are not limited to, economic and regulatory conditions, political events, environmental and technological issues.
- **Manager risk.** This is the risk that a fund underperforms because of the way we, or an investment manager that we have selected, manages the fund's investments.
- **Interest rate risk.** This is the risk that interest rates on fixed interest investments increase, causing a drop in their value. This has more impact on funds with a higher exposure to longer term fixed interest investments.
- **Credit risk.** This is the risk that the value of a fixed interest investment drops because there are doubts about the ability of a borrower to meet their future payment obligations. This has more impact on funds with a higher exposure to fixed interest investments.
- **Liquidity risk.** This is the risk that a fund is unable to sell an investment at the desired time, or will be sold at a lower value than would be expected in normal market conditions, which could impact the value of the investment and returns.

### Other specific risks

There are other factors, not already reflected in the risk indicators that may significantly impact returns for investors.

- **Income Securities Portfolio Risk.** This is the risk that if a force majeure event occurs, it may result in investors receiving less than the Posted Rate and the reduction in the value of their initial investment. The force majeure event may impact all or some of the investments. If the event is limited to certain investments, we can choose to continue to apply the Swap Agreement to unaffected investments and suspend the Swap Agreement on the affected investments until the force majeure event has ceased. The effect of this is that investors will still receive a return on the unaffected investments but the return may be less than the Posted Rate.

For more information on the risks of investing in the Booster Investment Scheme, see the 'Other material information' document available on the offer register at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose).

## 5. What are the fees?

You will be charged fees for investing in the Investment Series Funds. Fees are deducted from your investment and will reduce your returns. If Booster invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (for example, early withdrawal fee).

Annual fund charges		
<b>Enhanced Cash Portfolio</b>	<b>Management fee</b>	0.40%
	<b>Other management and administration charges</b> (estimated)	0.04%
	<b>Total annual fund charges</b> (estimated)	<b>0.44%</b>
<b>Income Securities Portfolio</b>	While no fee is paid directly by investors, Booster retains the difference between the income earned by the fund and the Posted Rates to pay for the costs and expenses of running the fund.	

Individual action fees
<b>Income Securities Portfolio Term Class Series</b>
<b>Early Withdrawal fee</b>
Booster may charge you an early withdrawal fee. This fee will be the greater of \$250 or 2% of the amount withdrawn or switched, but is capped to the total amount of income earned on your investment as at the date the withdrawal is made.

### Annual fund charges

#### Enhanced Cash Portfolio

##### Management fee

This fee covers the costs of managing and administering the fund, which include administration, accounting and custodian fees, and ongoing marketing expenses. It is calculated daily as a percentage of the net asset value of the fund and paid monthly.

##### Other management and administration charges

These charges include the Supervisor's fee and an estimate for other costs, disbursements, charges or expenses incurred either directly or indirectly by Booster and the Supervisor which are not covered under the management fee (such as audit fees and legal fees). They are calculated daily as a percentage of the net asset value of the fund and paid monthly.

#### Income Securities Portfolio Call Class and Term Class Series

Under the Swap Agreement with the Supervisor, Booster retains the difference or 'margin' between the income earned from the Income Securities Portfolio's investments and the Posted Rates to pay the costs and expenses of running the fund. These include administration, accounting, supervisor and custodial fees and on-going marketing expenses.

### Individual action fees

#### Early withdrawal fee

If you withdraw or switch some or all of your investment in an Income Securities Portfolio Term Class Series before the end of your selected investment term, we may charge an early withdrawal fee. This fee is deducted from the withdrawal amount and paid to Booster.

There are currently no establishment, contribution fees, termination or withdrawal fees (other than the early withdrawal fee for the Income Securities Portfolio Term Class Series). You may be charged other fees on an individual basis for investor-specific decisions or actions (such as a switching fee or regular withdrawal fee for the Enhanced Cash Portfolio or Income Securities Portfolio Call Class) although none are currently charged.

For more information on the Booster Investment Scheme fees and charges see the 'Other material information' document which can be found on the offer register at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose).

Goods and services tax (**GST**) is not included in any of the fees stated. GST will be added to any fees where applicable.

## Example of how fees apply to an investor

Rachel invests \$10,000 in the Enhanced Cash Portfolio. She is not charged an establishment fee or a contribution fee.

This means that the starting value of her investment is \$10,000.

She is charged management and administration fees, which work out to about \$44 (0.44% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

### Estimated total fees for the first year

Individual action fees: \$0

Fund charges: \$44

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Enhanced Cash Portfolio. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

## The fees can be changed

Any new fees or changes to existing fees is subject to the Trust Deed. We will consult and agree any fee change with the Supervisor and provide 1 month's notice of any increase in the management fee to all investors in the relevant fund.

Booster must publish a fund update for each fund showing the fees actually charged during the most recent year.

Fund updates, including past updates, are available at [www.booster.co.nz](http://www.booster.co.nz).

## 6. What taxes will you pay?

Booster Investment Scheme is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to [www.ird.govt.nz/toii/pir/](http://www.ird.govt.nz/toii/pir/). If you are unsure of your PIR, we recommend you seek professional advice or contact Inland Revenue.

It is your responsibility to tell Booster your PIR when you invest or if your PIR changes. If you do not tell Booster, a default rate of 28% may be applied.

If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR is higher than the correct PIR, you will not get a refund of any overpaid tax.

If you are investing in the funds as a joint investor, company, trust, or estate, see the 'Other material information' document available on the offer register at [www.companiesoffice.govt.nz/disclose](http://www.companiesoffice.govt.nz/disclose) for more information.

## 7. Who is involved?

### About Booster

Booster Investment Management Limited (**Booster**) is the manager of the Booster Investment Scheme. You may have known us as Grosvenor – we are now called Booster. Same company, same team, new name.

We are part of the Booster Group which has been helping New Zealanders save since 1998. The group currently administers superannuation and investment funds of over \$2.0 billion on behalf of more than 100,000 New Zealanders.

You can contact us at:

Booster Investment Management Limited  
Level 5, 13-27 Manners Street  
PO Box 11872  
Wellington 6142  
Phone: **04 894 4300**  
Email: **clientservices@booster.co.nz**

### Who else is involved?

	Name	Role
<b>Supervisor</b>	Public Trust	Supervises us to make sure we meet our responsibilities and obligations.
<b>Custodian</b>	PT (Booster Investments) Nominees Limited	Appointed by the Supervisor to hold the assets of the funds on behalf of the investors. The Custodian is a wholly-owned subsidiary of the Supervisor.
<b>Other</b>	Booster Custodial Administration Services Limited	Appointed by the Custodian and the Supervisor to provide custodial administration services. It is also the administrator of the Booster wrap administration system and a related party of Booster.

## 8. How to complain

---

Any complaints about the Booster Investment Scheme can be made to us (in the first instance), or the Supervisor, at the contact details below:

### Booster

## 9. Where you can find more information

---

More information about the Booster Investment Scheme and the funds, including fund updates, financial statements, annual reports, the trust deed, SIPO, and other material information is available on the scheme register and offer register at **www.companiesoffice.govt.nz/disclose** and copies can be requested from the Registrar of Financial Service Providers.

You can also get this and other information about your investment, free of charge, from your financial adviser, or by asking us:

- write to **Booster Investment Management Limited, PO Box 11872, Manners Street, Wellington 6142**
- email **clientservices@booster.co.nz**
- call **04 894 4300** from 8.00am to 5.00pm (Monday to Friday)
- visit **www.booster.co.nz**

## 10. How to apply

---

To invest in the funds, you'll need to firstly enter into either:

1. a Client Custody Agreement with the System administrator and a financial adviser who uses the System; or
2. an Agreement with a financial adviser who provides a Discretionary Investment Management Service and uses the System.

If you would like to get in touch with a financial adviser who uses the System, call us on **04 894 4300**.

---

**We're here to help.**
