## 5. WHAT FEES ARE INVESTORS CHARGED?

Investors in Elevation Capital Global Shares Fund are charged fund charges. In the year to 31 March 2025 these were:

	% of net asset value
<b>Total fund charges<sup>1</sup></b>	1.80%
which are made up of:	
<b>Total management and administration charges</b>	1.80%
including:	
Manager's basic fee	1.25%
Other management and administration charges	0.55%
<b>Total performance-based fees<sup>2</sup></b>	0.00%

<sup>1</sup>The fund charges are inclusive of GST.

<sup>2</sup>Investors are not currently charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds).

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor:

Sophia had \$50,000 in the fund at the start of the year and did not make any further contributions.

At the end of the year, Sophia's investment resulted in an unrealised gain after fund charges were deducted of +\$6,145 (that is +12.29% of the initial \$50,000). Sophia also paid \$0.00 in other charges. This gives Sophia a total unrealised gain after tax of \$5,685 for the year.
