# Mercer KiwiSaver scheme

# 01/Key information summary

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Mercer (N.Z.) Limited (Mercer) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Mercer and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

The Mercer KiwiSaver scheme offers seven funds. These investment options are summarised on page 4. More information about the investment target and strategy for each investment option is provided at Section 3 (Description of your investment option(s)).

## Who manages the Mercer KiwiSaver scheme?

The manager of the Mercer KiwiSaver scheme is Mercer. Further information regarding the manager is set out in Section 7 (Who is involved?).

## How can you get your money out?

To get your money out from the Mercer KiwiSaver scheme you will need to apply for a withdrawal permitted under the KiwiSaver Act 2006. There are a limited number of circumstances when you can make a withdrawal before reaching the age of eligibility for a retirement withdrawal. These circumstances are:

- if you suffer significant financial hardship, have a life-shortening congenital condition, or serious illness; or
- when you are purchasing a first home; or
- after you permanently emigrate from New Zealand (other than to Australia); or
- should you transfer from this scheme to another KiwiSaver scheme; or
- if a court orders the release of funds from your investment; or
- should you die, in which case your investment will be paid to your personal representatives; or
- to meet your tax liability on any transferred foreign superannuation scheme interest.

Conditions apply.

Otherwise you can usually get your money out when you reach age 65.

Further information can be found in Section 2 (How does this investment work?).

## How will your investment be taxed?

The Mercer KiwiSaver scheme is a portfolio investment entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 10.5%, 17.5% or 28%. See Section 6 of the PDS (What taxes will you pay?) on page 15 for more information.

## Where can you find more key information?

Mercer is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [www.mercerfinancialservices.co.nz](http://www.mercerfinancialservices.co.nz). The manager will also give you copies of those documents on request.

**See Section 4 (What are the risks of investing?) for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.riskquiz.co.nz](http://www.riskquiz.co.nz).**

<sup>^</sup>A combination of actual fund returns and market or composite index returns have been used to determine these risk indicators due to an asset allocation change on 31 August 2020. The risk indicator may therefore provide a less reliable indicator of the potential future volatility of the funds. For the five year period ending 31 March 2025, market index returns have been used for the Responsible Conservative fund, and composite market and peer group indices have been used for the Sustainable Moderate, Sustainable Balanced, Sustainable Growth and Sustainable High Growth funds, up to 31 August 2020, with actual fund returns used for the balance of the period to 31 March 2025. Additional information about the composite indices used is available on [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## 02/How does this investment work?

A KiwiSaver scheme is an investment structure where a supervisor and a manager work together for the benefit of all investors.

The Mercer KiwiSaver scheme is governed by a trust deed (as amended from time to time).

The supervisor (or a custodian appointed by the supervisor) holds the investments of the scheme. A separate and independent manager makes the investment management and other administrative and operational decisions for the benefit of all investors. The manager also gives instructions to the supervisor as to how to deal with the investments. The supervisor supervises the manager's performance of its functions and its issuer obligations. Mercer is the manager, and Trustees Executors Limited is the supervisor, of the scheme.

The Mercer KiwiSaver scheme is registered under the Financial Markets Conduct Act 2013. The scheme is a pooled fund which means that your money is pooled with other investors' money and invested. Pooling money can enable access to a wider variety of assets and provide greater diversity than you may achieve on your own.

As an investor, every time you contribute to the scheme you will receive units corresponding to whichever of the funds within the scheme you invest in.

The number of units that an investor holds in a fund represents that investor's proportionate interest in that fund.

Each unit represents an equal beneficial interest in the net investments of the relevant fund. Units do not give rise to an interest in any particular investment of any fund.

An investor can only access the value of their investment by redeeming units. There are no regular distributions from the scheme. Withdrawals from the scheme can be made only in circumstances specified in this section.

All units in a fund have equal value. The value of units will fluctuate over time, and may rise or fall.

The Mercer KiwiSaver scheme is a defined contribution scheme. This means that an investor contributes to the scheme over time and benefits payable depend on the amount of contributions made by or on behalf of the investor, and any investment returns on those contributions.

The principal purpose of the scheme is to help individuals save for their retirement.

There are seven funds. An investor may invest in any one or more of the funds. The assets of one fund are not available to meet the liabilities of any other fund.

The key benefits of investing in the scheme are:

- access to global investment expertise
- sector specialist active investment management
- certification by RIAA (Responsible Investment Association Australasia)
- experienced superannuation administration
- comprehensive reporting, innovative and personalised tools.

Responsible investment, including environmental, social, and governance considerations, is taken into account in the investment policies and procedures of the scheme as at the date of this product disclosure statement. You can obtain an explanation of the extent to which responsible investment is taken into account in those policies and procedures at the issuer's Internet site at

<https://www.mercerfinancialservices.co.nz/sustainable-investment.html>.

Mercer's Sustainable Investment Policy which documents the approach to environmental, social and governance considerations can also be found in the document headed "Mercer NZ - Sustainable Investment Policy" available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) (search under "Offers" for Mercer KiwiSaver scheme).

The funds labelled as Responsible or Sustainable which are available in this scheme may be suitable for investors who want to invest according to the criteria as set out in the Policy and the funds labelled as Sustainable have a higher exposure to sustainability-themed assets.

In order to follow a sustainable investment approach exclusions are applied to these Funds in accordance with Mercer's Sustainable Investment Policy.

There is no Crown guarantee in respect of any KiwiSaver scheme or investment product of a KiwiSaver scheme.

## Joining the scheme

You are eligible to join the Mercer KiwiSaver scheme if you are:

- a New Zealand citizen or are entitled to live in New Zealand indefinitely; and
- living or normally living in New Zealand (with some exceptions).

You can also join the scheme if you are:

- an existing KiwiSaver investor with another scheme and looking to transfer; or
- a non-KiwiSaver investor, but are eligible to join as:
  - a new employee where your employer has chosen the scheme as their preferred KiwiSaver scheme; or
  - a person (whether a new employee or not) who is eligible to join and elects to opt into the scheme.

Mercer may reject any application. There is no minimum level of contribution but Mercer may impose a minimum in the future.

See Section 10 (How to apply) for further information.

## Making investments

If you are an employee, you can choose to contribute 3%, 4%, 6%, 8% or 10% of your gross salary or wages (as defined in the KiwiSaver Act 2006). This currently includes salary or wages from employment, other remuneration such as bonuses and overtime, as well as certain other benefits. You can change your contribution rate at any time by notifying your employer.

If you do not select a rate, your contribution rate will be 3%.

Your employer will deduct the contributions at the applicable contribution rate from each payment of your after tax salary or wages and pay them to Inland Revenue. Inland Revenue will then pay the contributions (with any interest) to the scheme.

You can also make additional regular or lump sum contributions to the scheme at any time.

You could be eligible to receive compulsory employer contributions which are currently 3% of your before-tax salary or wages.

Eligibility criteria include being aged 18 years or older, not reaching the KiwiSaver Retirement Age (currently 65) and being an employee contributing via your salary or wages. Employer's superannuation contribution tax (ESCT) is deducted from employer contributions before these are provided to the scheme.

If you are self-employed, not working or not contributing you can make contributions at any time. More information on how to make contributions can be found at [www.mercerfinancialservices.co.nz](http://www.mercerfinancialservices.co.nz).

**Savings suspension:** You can apply to stop contributions from your salary/wages, but you generally have to wait 12 months after your initial KiwiSaver contribution is made to Inland Revenue (unless financial hardship applies).

**Government contributions:** If you normally live in New Zealand, are aged 18 or over but below your KiwiSaver Retirement Age, a government contribution applies.

The Government pays 50 cents for every dollar you contribute, up to \$521.43 each year until 30 June 2025.

From 1 July 2025, if you normally live in New Zealand, are aged 16 or over but below your KiwiSaver Retirement Age, the Government will pay 25 cents for every dollar you contribute, up to \$260.72 each year (subject to your annual taxable income being lower than \$180,000).

## Withdrawing your investments

You can only withdraw your investment as specified in the KiwiSaver Act 2006 or otherwise as required by law. Your interest or any future benefits that will or may become payable under a scheme must not be assigned or charged or passed to any other person whether by way of security, operation of law, or any other means.

An investor may only withdraw contributions made to the Mercer KiwiSaver scheme in the following circumstances:

Withdrawal Type	Your Contributions	Employer Contributions	Government Contributions	Government Kick-Start <sup>^</sup>	Funds Transferred From Australia
Superannuation qualification age	✓	✓	✓	✓	✓
First home withdrawal (A)	✓	✓	✓	✓	-
Significant financial hardship	✓	✓	-	-	✓
Serious illness or life-shortening congenital condition	✓	✓	✓	✓	✓
Death	✓	✓	✓	✓	✓
Permanent emigration to Australia (B)	✓	✓	✓	✓	✓
Permanent emigration to countries other than Australia (C)	✓	✓	-	✓	-
Retirement withdrawal of Australian savings from age 60	-	-	-	-	✓
Foreign superannuation transfer - NZ tax or student loan obligation	✓	✓	-	-	-

<sup>^</sup>The Government kick-start applies only if you first joined KiwiSaver prior to 2pm on 21 May 2015

(A) At least \$1,000 needs to be left in your KiwiSaver account.

(B) Withdrawals need to be transferred to an Australian complying superannuation scheme.

(C) Withdrawals are available only one year after emigration.

In order to calculate your withdrawal amount, we will use the unit prices available at the time we process the withdrawal. You will not receive a unit price for a date earlier than the date your withdrawal form is received (note unit prices for each business day are generally available two business days later). Payments may take up to five business days to process from when we receive the required withdrawal form. In some circumstances, withdrawals will take longer to process if your withdrawal form is not fully complete or your withdrawal requires additional approval. At the time of the withdrawal there may be deductions processed to your account balance, such as for tax and fees. Unit prices can be viewed when you sign into your account online at [www.mercerfinancialservices.co.nz](http://www.mercerfinancialservices.co.nz).

**Superannuation qualification age:** You can usually begin withdrawing your KiwiSaver savings when you turn 65.

At that time you can:

- withdraw the full amount of your investment, in which case your KiwiSaver account will be permanently closed; or
- withdraw part of your investment (subject to conditions); and/or make regular withdrawals (subject to conditions).

**First home:** You may be eligible to withdraw your investment (leaving a minimum of \$1,000 in your account) to put towards buying your first home once three years have passed since Inland Revenue received your first KiwiSaver contribution, or the date you first joined a KiwiSaver scheme. You may be eligible for a second chance withdrawal if Kainga Ora - Homes and Communities determines that you are in the same financial position as a first home buyer.

**Significant financial hardship:** If you are suffering or are likely to suffer significant financial hardship, you can apply to the supervisor to withdraw some of your investment. You cannot withdraw accumulated contributions from the Government.

**Serious illness:** You may be able to withdraw your KiwiSaver investment early if you are experiencing terminal illness, have a life-shortening congenital condition, or permanent disability affecting your ability to work.

If you withdraw the full balance of your investment, your KiwiSaver account will be closed.

**Death:** In the event of your death, Mercer must pay the full balance of your investment to your estate's personal representatives.

**Permanent emigration:** After at least one year has passed since your permanent emigration from New Zealand (other than to Australia), you can apply to Mercer for a withdrawal, but this will be less any Government contributions or any amount transferred from an Australian complying superannuation scheme.

If you emigrate to Australia, you can transfer your KiwiSaver savings to an Australian complying superannuation scheme.

Conditions apply to each of these withdrawals.

**Transferring your interest in a foreign superannuation scheme:** Where you are required to pay additional tax or make a student loan repayment following a transfer of foreign superannuation, you may be able to withdraw some of your KiwiSaver savings for the repayment.

**Australian sourced funds:** Restrictions also apply to withdrawals for investors who have transferred their Australian superannuation savings to the scheme. In such situations, you:

- will generally be able to start withdrawing the Australian sourced savings once you turn 60 and have retired for the purposes of Australian superannuation legislation (which simply means stopped working);
- will not be able to withdraw any Australian sourced savings for the purpose of purchasing a first home; and
- will not be able to withdraw any Australian sourced savings on permanent emigration if you subsequently permanently emigrate from New Zealand to a country other than Australia.

## Suspending withdrawals

Mercer may suspend withdrawals in limited circumstances relating to redemption price calculations or fund liquidity.

## How to switch between funds

You are able to switch from one fund to one or more funds within the scheme by signing in to your Mercer KiwiSaver scheme account online at [www.mercerfinancialservices.co.nz](http://www.mercerfinancialservices.co.nz) or by calling Mercer on 0508 637 237. You may also redirect your ongoing contributions to one or more funds within the scheme.

A switch is considered a withdrawal from one fund and an application for units in another fund. Valid switch instructions received before 4.00pm on a business day (New Zealand time) will be processed using the declared unit prices for that day, once known. Investment switch requests received after 4.00pm on a business day (New Zealand time) will be processed effective the following business day (and will be processed using the following day's declared unit price). Note that unit prices for each business day are generally available two business days later. Unit prices are not calculated for weekends or public holidays.

<sup>^</sup>A combination of actual fund returns and market or composite index returns have been used to determine these risk indicators due to an asset allocation change on 31 August 2020. The risk indicator may therefore provide a less reliable indicator of the potential future volatility of the funds. For the five year period ending 31 March 2025, market index returns have been used for the Responsible Conservative fund, and composite market and peer group indices have been used for the Sustainable Moderate, Sustainable Balanced, Sustainable Growth and Sustainable High Growth funds, up to 31 August 2020, with actual fund returns used for the balance of the period to 31 March 2025. Information about the composite indices used is available on [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## 04/What are the risks of investing?

### Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

#### This is an example of a risk indicator:

See the table on page 4 showing the filled-in risk indicator for the Mercer KiwiSaver scheme funds.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility).

A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.riskquiz.co.nz](http://www.riskquiz.co.nz). Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading 'Other specific risks' that are not captured by this rating).

The risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on returns data for the five years to 31 March 2025. While risk indicators are usually relatively stable, they do shift from time to time.

You can see the most recent risk indicator in the latest fund update for the relevant fund.

### General investment risks

Some of the things that may cause the fund's value to move up and down, which affect the risk indicator, are:

Investment Portfolio and Asset Class Risk	Each fund will be subject to the particular risks applying to the types of assets the fund invests in. Funds with a higher concentration of growth assets have a corresponding higher level of risk.
Market Risk	Returns on a fund's investments will be affected by the performance of the investment markets generally. Market performance is affected by demand and supply, economic, technological, political, tax and regulatory conditions as well as market sentiment.
Currency Risk	Where a fund invests outside of New Zealand, its returns will be affected by movements between the other currencies and the New Zealand dollar.
Interest Rate Risk	The market value of a fund that includes fixed income securities can change due to changes in interest rates generally. Relatively small changes in interest rates can significantly impact the market value of fixed income assets.
Liquidity Risk	In stressed or volatile market conditions, a fund's assets might not be as easy to sell (compared to a previous point in time), or they may sell for a value lower than usual. If a fund holds unlisted assets, these are generally less liquid than listed ones. When a fund experiences a low level of liquidity, this could adversely impact the ability of the fund to meet withdrawal requests.

### Other specific risks

There are circumstances which may arise and significantly increase the risk to returns for investors (and which are not already reflected in the risk indicators). These risks relate to Mercer's particular approach to management of the funds' investments.

Mercer is a 'manager of managers' and generally employs an active management approach. Performance is dependent upon the performance of other managers we choose, i.e. carrying out their investment management activities and achieving the outcomes desired by Mercer. There remains a risk that these managers may under-perform or fail to achieve the objectives outlined in their policies or investment mandate.

Mercer believes a sustainable investment approach is consistent with an objective of creating and preserving long-term investment capital, where relevant and aligned with achieving investment objectives. In order to follow a sustainable investment approach exclusions are applied to these funds in accordance with Mercer's Sustainable Investment Policy which may mean they are less diversified in the investment options they can pursue. This means that they may forego some potentially profitable opportunities to align with Mercer's Sustainable Investment Policy.

### More information

More information about risks can be found in the document headed "Other Material Information" available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) (search under "Offers" for Mercer KiwiSaver scheme).

## 05/What are the fees?

You will be charged fees for investing in the Mercer KiwiSaver scheme. Fees are deducted from your investment and will reduce your returns. If Mercer invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (currently none).

### Total annual fund charges

Fund	Manager's Basic Fee (% Per Annum)	Other Management and Administration Charges (Estimated % Per Annum)		Total Annual Fund Charges (Estimated % Per Annum)
		Other Expenses (Estimated % Per Annum)	External Manager Performance Fees (Estimated % Per Annum)	
Cash	0.28%	0.04%	n/a	0.32%
Responsible Conservative	0.42%	0.07%	n/a	0.49%
Sustainable Moderate	0.59%	0.06%	0.01%	0.66%
Sustainable Balanced	0.68%	0.06%	0.01%	0.75%
Sustainable Growth	0.77%	0.06%	0.01%	0.84%
Sustainable High Growth	0.82%	0.06%	0.01%	0.89%
Sustainable Shares	0.90%	0.05%	n/a	0.95%

GST may be included in some expenses. GST will be included in fees where applicable.

The total annual fund charges are set out as a percentage of the net asset value of the fund. They are charged by Mercer and cover fees of Mercer (Manager's Basic Fee) and the estimated supervisor and custodian fees (included in Other Expenses) in performing their management and supervisory functions. Certain expenses incurred in relation to the scheme (such as legal, audit and regulatory compliance costs) can also be recovered by Mercer and the supervisor. An estimate has been used as these can change year on year.

The annual fund charges also include estimates for certain costs incurred and expenses recovered where Mercer invests into other funds, such as indirect costs charged by external investment trusts or managers of underlying funds.

External manager performance fees are estimated based on the prior year where applicable.

The underlying funds in which these funds invest may incur trading expenses. Trading expenses are the actual costs of buying and selling the investments of a fund, and include brokerage fees, spreads, and associated custody transaction costs. Trading expenses are not included in the estimated total annual fund charges but are reflected in the unit price of each fund.

There are currently no contribution, establishment, termination or withdrawal fees charged to you and you are not currently charged any other fees on an individual basis for investor-specific decisions or actions.

If fees on an individual action basis are introduced further information will be published at [www.mercerfinancialservices.co.nz](http://www.mercerfinancialservices.co.nz).

## Example of how fees apply to an investor

Jo invests \$10,000 in the Sustainable Balanced fund. This means that the starting value of her investment is \$10,000.

She is charged management and administration fees, which work out to about \$75 (0.75% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

## Estimated total fees for the first year

Individual action fees	Nil
Fund charges	\$75
Other charges	Nil

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Sustainable Balanced fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

## The fees can be changed

The existing fees may be changed or new fees imposed in accordance with the trust deed and applicable law. The fees charged to all investors must be reasonable.

Mercer must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at [www.mercerfinancialservices.co.nz](http://www.mercerfinancialservices.co.nz).

## 06/What taxes will you pay?

The Mercer KiwiSaver scheme is a portfolio investment entity (PIE). The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to <https://www.ird.govt.nz/income-tax/income-tax-for-individuals/types-of-individual-income/portfolio-investment-entity-income-for-individuals/prescribed-investor-rates/find-my-prescribed-investor-rate>. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue. It is your responsibility to tell Mercer your PIR when you invest or if your PIR changes. If you do not tell Mercer, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

Under the Anti-Money Laundering and Countering the Financing of Terrorism Act 2009, Mercer (N.Z.) Limited are legally required to collect and verify information to confirm applicants identity.

Once we have received your application, we will send you an SMS via our third-party service provider to verify your identity and address electronically.

If you choose to confirm your identity by post, please refer to our Confirmation of Identity guide, which can be found on our website at [www.mercerfinancialservices.co.nz/documents](http://www.mercerfinancialservices.co.nz/documents) under 'Member documents & guides.'

## Step 6 – Sign the declaration

By signing this form I:

- apply to become a member of the Mercer KiwiSaver scheme (the 'scheme')
- acknowledge that Mercer (N.Z.) Limited ('Mercer') does not make any recommendations regarding the scheme or guarantee the investment performance, earnings or return of any capital invested in it. There is the potential to get back less than the amount invested. I am also aware that markets can fluctuate resulting in a change in the value of my investment
- acknowledge that I have received a copy of the Product Disclosure Statement (PDS) dated 30 June 2025 for the scheme
- confirm that I meet the eligibility criteria for joining the scheme as set out in the PDS
- agree to be bound by the provisions of the governing documents of the scheme
- authorise Mercer (the Manager) and my employer (if my employer is making contributions in respect of me) to obtain, use and disclose any personal information relating to me as may be necessary for the purposes of the scheme
- acknowledge that the Manager may request information from me and that where information requested is not supplied or is incorrect, the Manager has the power to make appropriate adjustments
- understand that the choices I have indicated on this form will remain in force until I advise the Manager otherwise, with the effective date of change being as advised by the Manager
- acknowledge that if I have applied to join via an adviser or a distribution platform that Mercer has a distribution agreement with, or is otherwise linked to an adviser, the adviser or the distribution platform may be remunerated by Mercer
- authorise the Manager of the scheme to contact my previous superannuation plan and/or KiwiSaver provider to arrange for transfer of funds as specified in this application, and to pay these funds directly into my account in the scheme
- give my express consent to the receipt of both electronic messages and commercial electronic messages (as defined in the Unsolicited Electronic Messages Act 2007), which messages may also include a World Wide Web uniform resource locator, until such time as I advise the Manager, via the functional unsubscribe facility, to cease sending such messages.
- **Your Privacy:** To protect your information, the scheme has a Privacy Policy, which you can access by contacting the scheme's Privacy Officer. Personal information on this form and in relation to your account will be handled to provide and manage your account, including to process your contribution choices.
- Your personal information may be disclosed to the Manager, and your employer, your adviser, and other third parties (including any parent/legal guardian) as required, to the extent necessary for the purposes of verifying your identity as well as providing and managing your account.
- Your personal information may also be used and/or shared with third parties authorised by the Manager for the purposes of introducing other products and services.
- The Manager abides by the Privacy Act 2020, and you have the right to access and request correction of personal information held about you.
- By signing this form you consent to the handling of your personal information. If you do not provide this information, the Manager may not be able to provide your account and/or investment choices.
