# Macquarie Investment Funds Index Funds

Product Disclosure Statement – 1 April 2022

## 1. Key information summary

### What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Macquarie Asset Management Public Investments (NZ) Limited will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Macquarie Asset Management Public Investments (NZ) Limited, and of its investment managers and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

### What will your money be invested in?

There are four investment options offered under this Product Disclosure Statement (PDS).

These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in section 3 of the PDS, "Description of your investment options" on page 5.

Fund name	Description	Risk indicator	Fund charges (estimated) (of the value of the fund's assets each year)	Indicative Buy/sell spread* (of each investment/redemption)
<b>NZ Shares Index Fund</b>	The fund is a passively managed New Zealand shares portfolio that is designed to track the return of the S&P/NZX 50 Index.	<p>← Potentially lower returns      Potentially higher returns →</p> <p>1 2 3 4 <b>5</b> 6 7</p> <p>← Lower risk      Higher risk →</p> <p>See note 1 below</p>	0.36% <sup>1</sup>	0.27%/0.27%
<b>Ethical Leaders Hedged Global Fixed Interest Index Fund</b>	The fund is a passively managed international fixed interest portfolio that is designed to track the return of the Bloomberg Barclays MSCI Global Aggregate SRI Select ex Fossil Fuels Index. The fund is fully hedged to New Zealand dollars. The fund is governed by the Ethical Leaders Charter (available at <a href="http://macquaireim.com/nz/ethicalcharter">macquaireim.com/nz/ethicalcharter</a> ) and is managed to specific 'responsible investment' criteria which prohibits investments in certain companies or activities, and encourages investment in companies with strong environmental, social and governance characteristics.	<p>← Potentially lower returns      Potentially higher returns →</p> <p>1 2 <b>3</b> 4 5 6 7</p> <p>← Lower risk      Higher risk →</p> <p>See notes 2 &amp; 3 below</p>	0.43% <sup>1</sup>	0.16%/0.06%
<b>All Country Global Shares Index Fund</b>	The fund is a passively managed international shares portfolio that is designed to track the return of the MSCI All Country World ex Tobacco Index. The fund targets a position of being 69% gross hedged to the New Zealand dollar. The hedges are based on the currency components of the underlying index.	<p>← Potentially lower returns      Potentially higher returns →</p> <p>1 2 3 4 <b>5</b> 6 7</p> <p>← Lower risk      Higher risk →</p> <p>See notes 1 &amp; 4 below</p>	0.42% <sup>2,3</sup>	0.07%/0.03%
<b>Australasian Property Index Fund</b>	The fund is a passively managed portfolio that provides access to Australasian listed property investments through a single fund. It aims to generate medium to high returns over the long term by investing in listed property securities in New Zealand and Australia.	<p>← Potentially lower returns      Potentially higher returns →</p> <p>1 2 3 4 5 <b>6</b> 7</p> <p>← Lower risk      Higher risk →</p>	0.82%	0.27%/0.27%

\* These buy/sell spreads are stated as at the date of the PDS and are indicative only. They may change at any time without notice to investors. See [macquaireim.com/nz/spreads](http://macquaireim.com/nz/spreads) for current spreads. For more information about buy/sell spreads and how they are calculated see section 5 of the PDS "What are the fees?" on page 8.

Notes for table on previous page:

- 1 A combination of actual fund returns and market index returns were used to determine the risk indicator for the NZ Shares Index Fund and the Ethical Leaders Hedged Global Fixed Interest Index Fund as these funds commenced operation on 1 December 2017. The risk indicator may therefore provide a less reliable indicator of potential future volatility of these funds. For the five year period ending 31 March 2022, market index returns have been used up to 1 December 2017 with actual fund returns used for the balance of the period to 31 March 2022.
- 2 A combination of actual fund returns and market index returns were used to determine the risk indicator for the All Country Global Shares Index Fund as this fund commenced operation on 14 December 2017. The risk indicator may therefore provide a less reliable indicator of potential future volatility of this fund. For the five year period ending 31 March 2022, market index returns have been used up to 14 December 2017 with actual fund returns used for the balance of the period to 31 March 2022.
- 3 For the All Country Global Shares Index Fund, the MSCI All Country World Index was used as a proxy for the MSCI All Country World ex Tobacco Index as the MSCI All Country World ex Tobacco Index was not being calculated for that period and the differences between these two indices are not material.

See section 4 of the PDS, “What are the risks of investing?” on page 7 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [sorted.org.nz](https://sorted.org.nz).

## Who manages the Macquarie Index Funds?

The manager of the funds is Macquarie Asset Management Public Investments (NZ) Limited (**Manager**).

See section 7 of the PDS, “Who is involved?” on page 9 for more information about us.

## What are the returns?

The return on your investment comes from:

- any increase or decrease in the unit price, and
- any income distributions made from the fund.

The funds distribute income half yearly. The Manager’s policy is to distribute 72% of the income of each fund (adjusted for any imputation credits that may be available).

See section 2 of the PDS, “How does this investment work?” on page 4 for more information.

## How can you get your money out?

You may at any time request the redemption of some or all of your investment. For each fund, payment will normally be made within 10 business days of the Manager receiving a redemption request from you.

We have the ability, in certain circumstances, to suspend redemptions (for instance, where we believe, in good faith, that it is not practicable or would be prejudicial to investors’ interests for the Supervisor to realise assets or borrow to permit redemptions – this could be because of market or asset conditions or other circumstances).

See section 2 of the PDS “How does this investment work?” on page 4 for more information.

Your investment in the Macquarie Index Funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

## How will your investment be taxed?

All of the funds offered under this PDS are investment options under the Macquarie Investment Funds Scheme. The Macquarie Investment Funds Scheme is a Portfolio Investment Entity (**PIE**).

The amount of tax you pay in respect of a PIE is based on your Prescribed Investor Rate (**PIR**). To determine your PIR go to [ird.govt.nz/toii/pir](https://ird.govt.nz/toii/pir).

See section 6 of the PDS “What taxes will you pay?” on page 9 for more information.

## Where can you find more key information?

Macquarie Asset Management Public Investments (NZ) Limited is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [macquarieim.com](https://macquarieim.com). The Manager will also give you copies of those documents on request.

Other than Macquarie Bank Limited ABN 46 008 583 542 ("Macquarie Bank"), any Macquarie Group entity noted in this material is not an authorised deposit-taking institution for the purposes of the Banking Act 1959 (Commonwealth of Australia). The obligations of these other Macquarie Group entities do not represent deposits or other liabilities of Macquarie Bank. Macquarie Bank does not guarantee or otherwise provide assurance in respect of the obligations of these other Macquarie Group entities. In addition, (a) the investor is subject to investment risk including possible delays in repayment and loss of income and principal invested and (b) none of Macquarie Bank or any other Macquarie Group entity guarantees any particular rate of return on or the performance of the investment, nor do they guarantee repayment of capital in respect of the investment.

## 2. How does this investment work?

This PDS is an offer to purchase units in the Macquarie Index Funds. Each of the funds offered under this PDS is constituted within a managed investment scheme that is governed by a trust deed dated 24 November 2015 and amended and restated on 18 February 2022 (the Macquarie Retail Funds Trust Deed).

The money you invest buys units in the fund or funds you choose. Each fund invests in assets, such as shares or bonds. The units do not give you legal ownership of the fund's assets but they do give you rights to the returns from the assets.

The price of each unit depends on the value of the fund at the time you invest and any buy spread that applies to that fund. We calculate the unit price for a fund by dividing the Current Value of the fund by the number of units the fund has issued. The unit price is calculated daily.

A change in the value of the fund's assets affects the value of your units. The unit price for a fund will change as the market value of that fund's assets changes.

The number of units you have, when multiplied by the unit price, gives you the total value of your investment in any one fund (although the impact of tax can result in a change in the number of units you hold, up or down).

The assets of a fund are not available to meet the liabilities of any other fund in the scheme.

Investing in managed funds can help you achieve your savings goals and create greater wealth for the future by offering you:

- **Diversification.** Pooling together large amounts of money enables fund managers to invest in a spread of assets which allows diversification and aims to reduce the risk of your investment portfolio. It also provides access to markets and securities that might otherwise be out of reach.
- **Professional management.** Employing the expertise and resources of a professional manager is particularly beneficial if you do not have the time or the skill to manage your own investments.
- **Simplified investing.** Fund managers take care of the paperwork involved in buying, selling, reporting and record keeping.

The funds are passively managed, meaning the investment managers buy and sell financial products to track the performance of a designated market index.

The return on your investment comes from:

- any increase or decrease in the unit price, and
- any income distributions made from the fund.

The funds distribute income half yearly. Our policy is to distribute 72% of the income (adjusted for any imputation credits that may be available).

The distributions will be calculated on or about 31 March and 30 September in each year. The distributions will be made to those unit holders on the relevant fund's register of unit holders as at the close of business on the last business day prior to the day the distribution is calculated.

Distribution payments are intended to be made within five business days of the date on which the distribution is calculated.

You may elect to have all (but not part) of your distribution of income reinvested in further units (**Reinvestment Option**) and you can cancel, at any time, your election to reinvest in further units. A buy spread will not be charged on your reinvestment. Two weeks' notice is required of any changes to your election for those changes to be effective for a given distribution.

The Reinvestment Option may be varied, withdrawn or cancelled by us at any time, by giving not less than three months' notice to you.

### Making investments

You will invest in the funds through an administration and custodial service we deal with. In this case you will not be a direct investor in a Fund and will not have a direct relationship with the Supervisor or ourselves. Instead, the Supervisor and the Manager have a direct relationship with the administration and custodial service, and they will be able to exercise any rights attached to units held. We will send all reports, distribution notifications, and documentation to the administration and custodial service, not directly to you.

We have entered into arrangements with select administration and custodial services in relation to investing in the funds. As such, you should contact your financial advice provider or administration and custodial service for more information on minimum investment or withdrawal levels and cut off times for application. You should refer to the administration and custodial service terms and the relevant marketing information about investing in the funds through that service.

If you wish to invest in the funds and you do not have a financial advisor or administration and custodial service then please contact us using the contact details in section 7 of this PDS, “Who is involved?” on page 9.

**Withdrawing your investments**

You may request a redemption of some or all of your investment at any time. For each fund, payment will normally be made within 10 business days of our receiving a redemption request from you. However, we have the ability, in certain circumstances, to suspend redemptions (for instance, where we believe, in good faith, that it is not practicable or would be prejudicial to investors’ interests for the Supervisor to realise assets or borrow to permit redemptions – this could be because of market or asset conditions or other circumstances).

When you redeem all or part of your investment from a fund, we will redeem your investment at the unit price for that fund adjusted for the applicable sell spread for that fund.

**How to switch between funds**

You may at any time request to switch your investment between the funds offered under this PDS or to any other Macquarie Investment Fund offered by us. A switch will be treated as a redemption from one fund or funds and an application into the other fund or funds.

You will not be charged a switch fee but the buy and sell spreads will apply on each redemption and application under the switch. More information about the buy and sell spreads can be found in section 5 of the PDS, “What are the fees?” on page 8.

This PDS provides information on the Macquarie Index Funds. Information on other Macquarie Investment Funds not offered under this PDS is provided in the following PDS documents:

- Macquarie Cash and Fixed Interest Funds PDS
- Macquarie Global Shares Funds PDS
- Macquarie Goals Based Funds PDS
- Macquarie New Zealand and Australian Shares Funds PDS
- Macquarie Property and Infrastructure Funds PDS
- Macquarie Ethical Leaders Diversified Funds PDS.

## Notes:

- 1 A combination of actual fund returns and market index returns were used to determine the risk indicator for the NZ Shares Index Fund and the Ethical Leaders Hedged Global Fixed Interest Index Fund as these funds commenced operation on 1 December 2017. The risk indicator may therefore provide a less reliable indicator of potential future volatility of these funds. For the five year period ending 31 March 2022, market index returns have been used up to 1 December 2017 with actual fund returns used for the balance of the period to 31 March 2022.
- 2 Prior to 21 June 2021, the Ethical Leaders Hedged Global Fixed Interest Index Fund was called the Hedged Global Fixed Interest Index Fund.
- 3 A combination of actual fund returns and market index returns were used to determine the risk indicator for the All Country Global Shares Index Fund as this fund commenced operation on 14 December 2017. The risk indicator may therefore provide a less reliable indicator of potential future volatility of this fund. For the five year period ending 31 March 2022, market index returns have been used up to 14 December 2017 with actual fund returns used for the balance of the period to 31 March 2022.
- 4 For the All Country Global Shares Index Fund, the MSCI All Country World Index was used as a proxy for the MSCI All Country World ex Tobacco Index as the MSCI All Country World ex Tobacco Index was not being calculated for that period and the differences between these two indices are not material.

The Manager can make changes to the Statement of Investment Policy and Objectives (**SIPO**) of any fund in accordance with the Trust Deed and the FMC Act. Before making changes to the SIPO, the Manager will consider if the changes are in your best interests and consult with the Supervisor. We will give notice of changes to unit holders of the relevant fund prior to effecting any material changes. The most current SIPO for the funds can be found on the scheme register at [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose).

The Manager's use of the various market indices referred to here is subject to certain terms, conditions and disclaimers as described in the offer register at [companiesoffice.govt.nz/disclose](https://companiesoffice.govt.nz/disclose) in the document titled 'Other material information', located under the 'Documents' tab on the managed fund offer register for the Macquarie Investment Funds.

Further information about the assets in each fund can be found in the fund updates at [macquarieim.com](https://macquarieim.com).

## 5. What are the fees?

You will be charged fees for investing in the Macquarie Index Funds. Fees are deducted from your investment and will reduce your returns. If any of the funds invest in other funds, those other funds may also charge fees. The fees you pay will be charged in two ways:

**Regular charges** – for example annual fund charges. Small differences in these fees can have a big impact on your investment over the long term.

**One-off fees** – for example the initial buy spread.

### Annual fund charges

	Management fees (excluding GST)	Estimated Administration charges (including GST)	Total Annual fund charges
NZ Shares Index Fund	0.28%	0.08%	0.36%
Ethical Leaders Hedged Global Fixed Interest Index Fund	0.35%	0.08%	0.43%
All Country Global Shares Index Fund	0.30%	0.12%	0.42%
Australasian Property Index Fund	0.35%	0.47%	0.82%

**Management fees** – We charge an annual management fee to each fund as set out above. GST is currently charged at 15% on 10% of the management fee in accordance with the non-binding IRD agreement with the Financial Services Council of New Zealand Incorporated on behalf of the funds management industry. GST on management fees is currently under review and therefore this percentage may change in the future.

**Administration charges** – These charges cover the general management of the fund eg supervisor, legal, custodian and audit fees. Subject to the exception noted below, they also cover charges payable in respect of the underlying funds that the above funds invest in. These charges are an estimate. Actual charges over the previous 12 months are available in the latest fund update.

**Buy/Sell spreads** – Indicative buy and sell spreads as at the date of this PDS are set out in the table below:

	Buy spread	Sell spread
NZ Shares Index Fund	0.27%	0.27%
Ethical Leaders Hedged Global Fixed Interest Index Fund	0.16%	0.06%
All Country Global Shares Index Fund	0.07%	0.03%
Australasian Property Index Fund	0.27%	0.27%

These spreads may change at any time and without notice to investors.

### Explanation

**Buy/Sell spreads** – The purpose of buy/sell spreads is to ensure fair treatment of all investors in the fund by making sure that any trading costs incurred as a result of an investor entering or leaving the fund are borne by that investor, and not other investors in the fund.

When you enter or leave a fund, the buy or sell spread will be a cost to you. The buy spread is added to the unit price on entry to the fund, and the sell spread is deducted from the unit price on exit from the fund. The buy/sell spreads belong to the fund and are not fees paid to us. There is no GST charged on buy/sell spreads.

We determine the buy/sell spreads based on what we consider to be the expected trading expenses incurred by the fund in carrying out the buy/sell request. Buy/sell spreads may rapidly change in

stressed market conditions and therefore we will regularly review the spreads to ensure they are appropriate for the prevailing market conditions. We may change the buy/sell spreads from time to time and without notice to investors. To view the current buy/sell spreads applicable to the funds, please go to [macquarieim.com/nz/spreads](http://macquarieim.com/nz/spreads). There are no other one-off fees currently being charged to any of the funds offered under this PDS.

### Example of how fees apply to an investor

Niel invests \$10,000 in the All Country Global Shares Index Fund. A buy spread of 0.07% is incorporated in the unit price that he pays for his investment. This equates to \$7.

This brings the starting value of his investment to \$9,993.

He is also charged management and administration fees, which work out to about \$41.97 (0.42% of \$9,993). These fees might be more or less if the value of his investment has increased or decreased over the year.

#### Estimated total fees for the first year

Buy spread: \$7

Fund charges: \$41.97

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the All Country Global Shares Index Fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

### The fees can be changed

We can change fees from time to time. We can also add new fees. The rules about fee changes are in the Trust Deed which can be found on the scheme register at [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose).

Macquarie Asset Management Public Investments (NZ) Limited must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available on the offer register at [companiesoffice.govt.nz/disclose](http://companiesoffice.govt.nz/disclose).

## 6. What taxes will you pay?

All of the funds offered under this PDS are investment options under the Macquarie Investment Funds Scheme. The Macquarie Investment Funds Scheme is a Portfolio Investment Entity (PIE). The amount of tax you pay is based on your PIR. To determine your PIR, go to [ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate](http://ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate). If you are unsure of your PIR, we recommend you seek professional advice or contact Inland Revenue. It is your responsibility to tell the Manager (or, if you invest through an administration and/or custodial service, the provider of that service) your PIR when you invest or if your

PIR changes. If you do not tell the Manager (or the provider of the administration and/or custodial service you invest through, if applicable), a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

## 10. How to apply

You will invest in the funds through an administration and custodial service we deal with. In this case you will not be a direct investor in a Fund and will not have a direct relationship with the Supervisor or ourselves. Instead, the Supervisor and the Manager have a direct relationship with the administration and custodial service, and they will be able to exercise any rights attached to units held. We will send all reports, distribution notifications, and documentation to the administration and custodial service, not directly to you.

We have entered into arrangements with select administration and custodial services in relation to investing in the funds. As such, you should contact your financial advice provider or administration and custodial service for more information on minimum investment or withdrawal levels and cut off times for application. You should refer to the administration and custodial service terms and the relevant marketing information about investing in the funds through that service.

If you wish to invest in the funds and you do not have a financial advisor or administration and custodial service then please contact us using the contact details in section 7 of this PDS, “Who is involved?” on page 9.
