

Statement of Key Ratios and Selected Financial Information As at 31 March 2020

References in this statement to the **2010 Regulations** means the Deposit Takers (Credit Ratings, Capital Ratios, and Related Party Exposures) Regulations 2010.

All figures and financial information presented in this section represent consolidated information of WBS and the Guarantors as required by the 2010 Regulations.

Capitalised terms have the meaning ascribed to them in WBS's current Product Disclosure Statement. This document should be read in conjunction with the Product Disclosure Statement which is available at www.wbs.net.nz/WBSDocs or www.companiesoffice.govt.nz/disclose

Section 3: WBS and what it does

This section provides updated details of the information set out in Section 3 of Wairarapa Building Society's (WBS, the Issuer, we, our or us) Product Disclosure Statement.

OVERVIEW

Our principal classes of asset are:

	% of WBS Group assets – as at 31 March		
	2020	2019	2018
Loans to customers	77.2%	81.5%	82.8%
Commercial property investments	5.2%	4.7%	6.7%
Other liquid investments	17.6%	13.8%	10.5%

LOAN BOOK

Key characteristics of our loan book are summarised below:

Sector concentration	31 March 2020	31 March 2019	31 March 2018
Residential housing	76.3%	76.0%	69.3%
Commercial	21.4%	21.4%	27.1%
Farming	2.3%	2.6%	3.6%

Security	31 March 2020	31 March 2019	31 March 2018
Secured by mortgage	98.1%	98.0%	98.0%
Secured by other collateral	1.4%	1.5%	1.7%
Unsecured	0.5%	0.5%	0.3%

Geographic concentration	31 March 2020	31 March 2019	31 March 2018
Domiciled in the Wairarapa region	88.6%	89.3%	92.1%
Domiciled outside the Wairarapa region	11.4%	10.7%	7.9%

LENDING POLICY AND LOAN QUALITY

Although geographically concentrated, WBS has a conservative lending policy. The key elements of our lending policy are described in section 6 (Risks of investing) of the WBS Product Disclosure Statement.

Loan book status	31 March 2020	31 March 2019	31 March 2018
Performing loans	79.6%	88.3%	88.8%
Restructured loans	0.7%	0.7%	1.4%
Restructured loans due to Covid-19	12.4%	n/a	n/a
Loans past due:			
- 0 to 30 days	4.4%	8.4%	4.3%
- 31 to 90 days	0.9%	1.3%	2.9%
- 91 days and over	0.8%	0.5%	1.8%
Impaired loans	1.2%	0.8%	0.8%

The approach taken to determine the classification and quantum of loans past due has been modified in the current reporting period to reflect the potential impact of COVID-19 on loan recoverability

The modified approach to reporting of loans potentially impacted by COVID-19 is not reflective of a change in the nature or application of our conservative lending policy which continues to contribute to a consistently low level of impairment as illustrated below:

Impairment charges	31 March 2020	31 March 2019	31 March 2018
Annual impairment charge (as a % of loan book)	0.24%	(0.09%)	0.09%
Annual impairment charge (\$000's)	301	(126)	124

Section 4: Key features of Redeemable Shares and Deposits

This section provides updated details of the information set out in Section 4 of WBS's Product Disclosure Statement.

RANKING

The Investments offered in WBS's Product Disclosure Statement are unsecured debt securities.

Although the Trust Deed permits WBS and the Guarantors to use up to 2.50% of their assets as security for liabilities that would rank ahead of the Investments, there are presently no such secured liabilities.

The following diagram illustrates the ranking of Redeemable Shares and Deposits on a liquidation of WBS and is based on the level of our liabilities and equity as at 31 March 2020 including Redeemable Share (principal and interest outstanding) of \$131,195,202 and Deposits (principal and interest outstanding) of \$12,586,795. The level of Redeemable Shares and Deposits is constantly changing depending on the level of investment, reinvestment and withdrawal at any point in time.

	Ranking on liquidation of WBS	Liability types	Indicative amount of existing liabilities and equity as at 31 March 2020
HIGHER RANKING / EARLIER PRIORITY			
	Liabilities that rank in priority to Deposits, Redeemable Shares and capital shares	Creditors preferred by law	\$229,246
	Liabilities that rank equally with Deposits	Deposits, trade and general creditors	\$12,586,795
	Liabilities that rank behind Deposits but in priority to equity	Redeemable Shares	\$131,195,202
	Equity	Transferred to WBSCT in accordance with WBS Rules	\$21,850,683
LOWER RANKING / LATER PRIORITY			

The creditors preferred by law shown above as ranking ahead of Deposits and Redeemable Shares principally comprise wages due to employees and amounts due to the Inland Revenue Department in respect of PAYE, GST and RWT. Trade and general creditors ranking equally with Deposits principally comprise amounts arising from the day to day operations of the business. WBS expects both type of liabilities to continue to be incurred at broadly similar levels to those represented in the diagram above.

Section 5: WBS's Financial Information

This section provides updated details of the information set out in Section 5 of WBS's Product Disclosure Statement.

KEY RATIOS

Wairarapa Building Society (**WBS**) is required by law and its Trust Deed to meet certain financial requirements. The tables below show how WBS is currently meeting those requirements. There are minimum requirements. Meeting them does not mean that WBS is safe. WBS's Product Disclosure Statement includes a section on specific risks relating to WBS's creditworthiness and sets out risk factors that could cause its financial position to deteriorate and this document should be read in conjunction with that Product Disclosure Statement.

The accompanying appendices show how the key ratios have been calculated.

A. Capital ratio

	31 March 2020	31 March 2019	31 March 2018
WBS capital ratio as calculated by the 2010 Regulations	14.3%	13.2%	11.7%
Minimum capital ratio required by the Trust Deed	8.0%	8.0%	8.0%
Minimum capital ratio required by regulation 8(2) of the 2010 Regulations	8.0%	8.0%	8.0%

The Capital Ratio is a measure of the extent to which WBS is able to absorb losses without becoming insolvent. The lower the capital ratio, the fewer the level of financial assets that are available to WBS to absorb unexpected losses arising from its business activities.

B. Related party exposures

	31 March 2020	31 March 2019	31 March 2018
Amount of WBS's aggregate exposures to related parties as calculated by the 2010 Regulations	0.0%	0.0%	0.5%
Maximum limit on aggregate exposures to related parties permitted by the Trust Deed	15.0%	15.0%	15.0%
Maximum limit on aggregate exposures to related parties permitted by regulation 23(3)(b) of the 2010 Regulations	15.0%	15.0%	15.0%

Related Party Exposures are financial exposures that WBS has to related parties. A related party is an entity that is related to WBS through common control or some other connection that may give the party influence over WBS (or WBS over the related party). These related parties include relatives of directors or senior management.

Section 5: WBS's Financial Information (continued)

C. Liquidity requirements

		31 March 2020	31 March 2019	31 March 2018
Liquidity calculated in accordance with the Trust Deed	Liquid assets ratio ¹	36.7%	35.4%	28.8%
	Liquidity mismatch ratio ²	284.2%	287.4%	236.5%
Minimum liquidity requirements under the Trust Deed	Liquid assets ratio	10.0%	10.0%	7.5%
	Liquidity mismatch ratio	115.0%	115.0%	115.0%

Liquidity requirements help to ensure that WBS has sufficient realisable assets on hand to pay its debts as they become due in the ordinary course of business. Failure to comply with liquidity requirements may mean that WBS is unable to repay investors on time, and may indicate financial problems in its business.

SELECTED FINANCIAL INFORMATION

All figures in NZ\$000's and determined in accordance with Generally Accepted Accounting Practice, except as otherwise noted	As at and for the year ended 31 March 2020	As at and for the year ended 31 March 2019	As at and for the year ended 31 March 2018
Total assets	167,785	160,159	159,809
Total liabilities	145,935	140,265	141,760
Net profit after tax	2,020	1,751	677
Net cash flows from operating activities	6,905	5,142	1,246
Cash and cash equivalents	29,612	22,039	16,813
Capital as calculated in accordance with the 2010 Regulations	21,627	19,594	17,749

¹ The Liquid Assets Ratio is a measure of the extent to which liquid assets maintained by WBS can support claims on its assets. The higher the ratio, the greater the level of liquid resources immediately available to WBS if it experienced liquidity issues.

² The Liquidity Mismatch Ratio is a liquidity stress test which measures the ratio of liquid funds available to cover any short term mismatch in contractual cash flows which have been adjusted to reflect the estimated impacts of a short term loss of investor confidence. The higher the resulting ratio, the greater the ability of WBS to meet its payment obligations in a stressed scenario. This is calculated in accordance with the Trust Deed and the 2010 Regulations.
