Total value of the fund	\$60,469,504
The date the fund started	17 September 1996

What are the risks of investing?

Risk indicator for the Mercer Macquarie Australian Shares Fund:

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-profiler

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 September 2025. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

How has the fund performed?

	Average over past 5 years	Past year
Annual return³ <i>(after deductions for charges and tax)</i>	12.47%	14.62%
Annual return³ <i>(after deductions for charges but before tax)</i>	13.77%	15.81%
Market index annual return³ <i>(reflects no deduction for charges and tax)</i>	14.22%	15.74%

The market index annual return is based on the weighted average return of the S&P/ASX 200 Accumulation Index (in NZD). Additional information about the market index is available on the offer register at www.disclose-register.companiesoffice.govt.nz.

Annual Return Graph⁴

This shows the return after fund charges and tax for each of the last 10 years ending 31 March. The last bar shows the average annual return for the last 10 years, up to 30 September 2025.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Mercer Macquarie Australian Shares Fund are charged fund charges. In the year to 31 March 2025 these were:

	% of net asset value
Total fund charges	0.51%
Which are made up of:	
Total management and administration charges	0.51%
Including:	
Manager's basic fee (excluding GST ⁵)	0.45%
Other management and administration charges (including GST)	0.06%
Total performance based fees	0.00%

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for the Mercer New Zealand and Australian Shares Funds at www.disclose-register.companiesoffice.govt.nz for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Ben had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Ben received a return after fund charges were deducted of \$1,462.00 (that is 14.62% of his initial \$10,000). Ben also paid \$0.00 in other charges. This gives Ben a total return after tax of \$1,462.00 for the year.

Notes

1. The Manager has resolved to wind up the Mercer Macquarie Australian Shares Fund. The fund was closed to new investors on 1 October 2025 and will be closed to all investment on 14 November 2025. Redemption requests will still be accepted until 14 November 2025 and the wind up of the fund will commence on 28 November 2025. This will involve liquidating the fund's investments and distributing the proceeds to remaining investors in proportion to their unit holdings. Existing investors received communications on 2 October 2025 containing further information about this closure. Additional information is available in the Other Material Information (OMI) document. www.disclose-register.companiesoffice.govt.nz.
2. Gross Return is the return before the deduction of tax, expense and fees and assumes all income is reinvested.
3. These returns are for the periods ending 30 September 2025.
4. The bar graph shows fund returns after the deduction of fees and tax, however, the market index returns are shown before any fees or tax are deducted.
5. GST is currently charged at 15% on 10% of the management fee in accordance with the non-binding IRD agreement with the Financial Services Council of New Zealand Incorporated on behalf of the funds management industry. GST on management fees is currently under review and therefore this percentage may change in the future.
6. The Top 10 investments have been calculated excluding operational cash and derivatives.
