

Fisher Funds KiwiSaver Plan

Product Disclosure Statement

Offer of membership in the Fisher Funds KiwiSaver Plan

Issued by Fisher Funds Wealth Limited
28 November 2024

This is a replacement Product Disclosure Statement (PDS) which replaces the PDS dated 6 March 2024.

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on disclose-register.companiesoffice.govt.nz. Fisher Funds Wealth Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial advice provider to help you to make an investment decision.

1. Key information summary

What is this?

The Fisher Funds KiwiSaver Plan ('the Plan') is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Fisher Funds Wealth Limited ('Fisher Funds', 'we' or 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Fisher Funds and of its investment manager(s) and the performance of the investments. The value of

those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

The Plan gives you a choice of six funds to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at Section 3.

1. A minimum annual fee of \$40 applies to the management fee component of the annual fund charges. If you invest in more than one fund, this minimum applies pro-rata across those funds. The minimum fee means that if you have a small account balance your charges will be higher than shown above. No minimum annual fee is charged on Default Fund investments.
2. The Default Fund risk indicator was calculated using market index and actual returns as the Fund has not been in operation for five years. Accordingly, the risk indicator may provide a less reliable indicator of the potential future volatility of the Fund. Market index returns have been used from 1 October 2019 to 30 November 2021 and actual returns after that.
3. An annual fund charge of 0.37% applies to Default Fund investments – unless your Default Fund balance is \$1,500 or less, in which case no annual fund charge applies.

See Section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/kiwisaver-fund-finder

Who manages the Plan?

Fisher Funds Wealth Limited is the manager of the Plan. See Section 7 for more information about us.

How can you get your money out?

KiwiSaver is designed to help you save for your retirement. You can usually get your money out of KiwiSaver when you reach 65.

You might be able to withdraw some or all of your money earlier in limited circumstances. See Section 2 for more information.

How will your investment be taxed?

The Plan is a Portfolio Investment Entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 10.5%, 17.5% or 28%. See Section 6 of the PDS (what taxes will you pay?) on page 13 for more information.

Where can you find more key information?

Fisher Funds is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at fisherfunds.co.nz/kiwisaver-plan/forms-and-documents. We will also give you copies of those documents on request.

We have arrangements with registered banks for those registered banks to refer prospective clients to the Plan for fulfilment of their wealth needs ('Referring Banks'). Investment in the Plan does not represent a bank deposit or other liability of any Referring Bank. Investment in the Plan is subject to investment risk including possible decrease in value as the value of the investment can go up and down.

No person, including the Crown or any Referring Bank, guarantees the repayment of investments in the Plan or the payment of any returns on investment in the Plan.

2. How does this investment work?

The Plan is a long term investment product designed to help you save for your retirement.

What are the benefits?

- **It's easy.** If you're employed, your employer will arrange for your contributions to be paid directly from your wages or salary. You can choose to contribute 3%, 4%, 6%, 8% or 10%. If you are contributing from your wages or salary your employer will also contribute at least 3%. If you're self-employed or not in paid employment, you can set up an automatic payment into your KiwiSaver account.*
- **The government contributes too.** If you're between 18 and 65 and, subject to eligibility criteria, the government will contribute 50c for every dollar you contribute up to a maximum of \$521.43 each year.
- **Choose your investment options.** There are six different investment options to choose from - from a lower risk Cash Fund through to a higher risk Growth Fund. You can choose one fund or a combination of funds.
- **We do the hard work for you.** Our experienced Investment Team actively manage your KiwiSaver investment to help grow your returns over the long term.
- **Expert advice and award winning client service.** We have a dedicated team of advisers and an award winning Client Experience Team to help you on your KiwiSaver journey.

*See Section 2 for further details and criteria.

How does it work?

When you join, you become a member of the Plan. Money you invest is used to buy units in the fund or funds that you are invested in.

- Each unit you buy will have a price calculated each business day based on the value of the fund's assets at the time.
- Changes in the value of the fund's assets (up or down) are reflected in the unit price.

The Plan is a trust governed by a Trust Deed between Fisher Funds and Public Trust ('the Supervisor').

The Plan is a Government-appointed default KiwiSaver scheme under an Instrument of Appointment ('IOA'). The IOA overrides the Trust Deed. There are restrictions on how the Trust Deed can be amended.

Your investments are held by the Supervisor or their appointed custodian(s), being parties independent of Fisher Funds.

Fisher Funds Management Limited ('FFML') provides investment management and administration services for the Plan.

Each fund is accounted for separately so assets in one fund can't be used to meet the liabilities of another except where we transfer value between funds to accommodate the Plan being a single entity or taxpayer.

Responsible investment

Responsible investment, including environmental, social, and governance considerations, is taken into account in the investment policies and procedures of the Plan as at the date of this PDS. You can obtain an explanation of the extent to which responsible investment is taken into account in those policies and procedures at fisherfunds.co.nz/responsible-investing.

Joining the Plan

It's easy to join the Plan. If you're new to KiwiSaver it's open to most people if you're:

- living or normally living in New Zealand (or a state services employee serving outside New Zealand); and
- a New Zealand citizen (or are entitled to live in New Zealand indefinitely).

You can also apply to join if you transfer from another KiwiSaver scheme as long as you meet the above criteria.

You can join by filling in the application form at the back of this document.

If you are not already a KiwiSaver member, you may be automatically enrolled in the Plan by Inland Revenue when you start a new job. You may also be automatically enrolled in the Plan if it is your new employer's preferred KiwiSaver scheme.

You can choose one or a combination of funds. If you choose more than one fund, your choice must be in multiples of 5% and add up to 100%.

If you invest in more than one fund, unless you opt out, we will rebalance your account on a quarterly basis (or on a six-monthly or annual basis, at your election) to ensure it remains in line with your investment direction. A 5% tolerance (in one or more of the selected funds) applies. See the 'Rebalancing' section in the Other Material Information (OMI) document at fisherfunds.co.nz/kiwisaver-plan/forms-and-documents for more information.

If you don't choose a fund or if your choice of funds adds up to less than 100%, we will select a fund or the remaining percentage for you as follows:

If you joined through...	Fund
Allocation by Inland Revenue	Default Fund
The Plan being your employer's preferred KiwiSaver scheme	Balanced Fund
Any other method (for example, you apply directly to us)	Balanced Fund

At any time you can choose your own investment option. You have the choice to opt out of KiwiSaver between 13 and 56 days after you started your new employment.

2. How does this investment work? (continued)

Making investments

Regular contributions to your investment will help you reach your financial goals. With KiwiSaver you may also get extra help with your retirement savings. Both the Government and your employer can contribute to your investment. Below we explain the three ways to contribute to the Plan.

1. You contribute

If you're a salary or wage earner

- Regular contributions will be deducted from your pay except in limited circumstances. These deductions will be made by your employer and will be sent to us via Inland Revenue.
- The default amount (and minimum amount) is 3% of your before tax salary or wages, however you can choose 4%, 6%, 8% or 10%.
- You're in control, so at any time you can change your contribution rate to one of the rates above (subject to some restrictions set out in the OMI), or after a year take a savings suspension, where you stop making contributions for a period of up to 12 months (you can apply for another savings suspension when your current one ends).
- Your employer will automatically deduct your contributions and send them to us via Inland Revenue.

If you're self-employed or not employed

- You can set up regular payments via bill payment or direct debit which can be any amount you wish.

All investors can make voluntary lump sum or regular payments into their Plan account.

If you're self-employed and pay yourself through the PAYE system you will be treated as an employee and will be required to make employer contributions. See ird.govt.nz/kiwisaver for more information.

2. Your employer contributes

A great benefit of being a KiwiSaver member is that, if you're contributing, your employer is also required to make regular contributions to your account. They'll contribute a minimum of 3% (or more – check this with your employer) of your before tax salary or wages if:

- you are between the ages of 18 and 65; and
- you're not on a savings suspension; and
- you are contributing; and
- you have not made a life-shortening congenital condition withdrawal.

Employer Superannuation Contribution Tax is payable on employer contributions.

3. The Government contributes

Subject to eligibility criteria, you may also receive a government contribution of up to \$521.43 a year (50 cents for every \$1 you contribute up to a maximum of \$1,042.86) as long as you;

- are between the ages of 18 and 65; and
- mainly live in New Zealand; and
- you have not made a life-shortening congenital condition withdrawal.

Withdrawing your investments

KiwiSaver is a long term investment plan, designed to help you invest for the lifestyle you'd like to enjoy in the future. In most cases you can't withdraw until you've reached the age

of 65. In some cases, like when buying your first home, you may be able to cash in some or all, of your investment early. The table below explains some of the withdrawal options.

Why you're withdrawing	What you can withdraw				
	Your contributions	Employer contributions	Government contributions	Kickstart contribution (if any)	Superannuation savings transferred from Australia
You've reached the age of 65	✓	✓	✓	✓	✓
You can; <ul style="list-style-type: none"> • withdraw lump sums of \$500 or more (including your entire balance) anytime • set up regular withdrawals of \$100 or more • stay in the fund or choose another investment option Give us a call and we'll talk you through your alternatives					
Buying your first home	✓	✓	✓	—	—
You must leave a minimum balance of \$1,000 in your KiwiSaver account, and there are other conditions so check out fisherfunds.co.nz/kiwisaver/buying-a-home-with-kiwisaver or call us.

Serious illness	✓	✓	✓	✓	✓
Life-shortening congenital condition	✓	✓	✓	✓	✓
Moving overseas	✓	✓	—	✓	—
There are some conditions, so call us to discuss them and we will send you the right application form.					
Moving to Australia	✓	✓	✓	✓	✓
You can only transfer your entire balance to an Australian complying scheme.					
Death	✓	✓	✓	✓	✓
Your balance will be paid to your estate.					
Retirement withdrawal of transferred Australian savings from 60 years old	—	—	—	—	✓
You will need to sign a statutory declaration that you do not intend to work again to qualify for access to your Australian savings.					

A withdrawal will also be made where required by any Act or court order.

You can transfer to another KiwiSaver scheme at any time. You can only be a member of one KiwiSaver scheme at a time. If you join another KiwiSaver scheme you will cease to be a member of the Plan.

We may suspend or defer the timing of withdrawals (including transfers and switches) in some circumstances. Further information on suspensions and deferrals is set out in the OMI document at fisherfunds.co.nz/kiwisaver-plan/forms-and-documents.

How to switch between funds

You can switch between funds at any time (unless a switch is already pending). Switches normally take three working days to process.

To make a change, contact us or log on at fisherfunds.co.nz. We don't charge any fees for switching but Buy/Sell spreads (if any) may apply. See section 5 for more information.

Talk to one of our advisers or take the Sorted.co.nz fund finder tool at sorted.org.nz/tools/kiwisaver-fund-finder before you make any decisions.

1. Other – refers to an investment in a portfolio of listed property and infrastructure, derivatives thereof, forward foreign exchange contracts and currency swaps, other investments, strategies or derivatives that may fall outside the traditional asset classes of cash, fixed interest, shares and property.

2. See footnote 2 on page 2 for information on how the Default Fund risk indicator was calculated.

Our current SIPO for the Plan is available at disclose-register.companiesoffice.govt.nz or at fisherfunds.co.nz/kiwisaver-plan/forms-and-documents.

Further information about the assets in the funds can be found in the fund updates at fisherfunds.co.nz/kiwisaver-plan/forms-and-documents.

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Risk indicators for each fund can be found in Section 3

Lower risk				Higher risk		
1	2	3	4	5	6	7
Potentially lower returns				Potentially higher returns		

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/kiwisaver-fund-finder.

Note that even the lowest category does not mean a risk-free investment.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years up to 30 September 2024. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each of the funds.

General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

- **Investment returns risk** — different types of investments perform differently. Generally, the return on a fund with more growth assets like shares will go up and down more over time than a fund with more income assets.
- **Market risk** — investment markets can be affected by economic conditions, political events, and environmental and technological issues.
- **Climate change risk** — the market value of an investment may change due to the impacts of climate change.
- **Currency risk** — the value of foreign assets and currency held by funds can change (up or down) when there are movements in the exchange rate between the New Zealand dollar and the foreign currency.
- **Investment manager risk** — how we choose to allocate each fund's investments will affect returns. Returns may differ from any market index and from competing investments.
- **Credit risk** — the issuer of a security, an institution that we deposit funds with, or a third party that provides a guarantee for either may not honour their obligations, fail to complete transactions, or may become insolvent.
- **Counterparty risk** — a party to an investment contract may not honour their obligations, or fail to complete a transaction, or may become insolvent.
- **Interest rate risk** — the value of fixed interest investments may increase or decrease as a result of changes in interest rates.
- **Liquidity risk** — low liquidity can affect the ability of the fund to make payments when needed (such as meeting withdrawal requests), or you may receive a lesser amount than expected if the assets have to be sold quickly and there are few buyers.

Further information on these risks, and other risks, and the steps we take to reduce their impact on the funds' investments are set out in the 'Other Material Information' document on disclose-register.companiesoffice.govt.nz.

5. What are the fees?

You will be charged fees for investing in the Plan. Fees are deducted from your investment and will reduce your returns. If Fisher Funds invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;

- one-off fees (for example, if we were to charge withdrawal fees in the future).

The table below details all fees for the Plan. The costs and expenses are a reasonable estimate of future costs and expenses that are likely to be charged in the future based on a combination of forecast expenses and historic estimated expenses charged to the underlying funds which the Plan invests into.

Fund	Annual Management Fee (estimate)*	Costs and expenses (estimate)	Total estimated annual fund charges (% of net asset value)
Cash	0.36%	0.08%	0.44%
Default Conservative	0.42%	0.08%	0.50%
Conservative	0.76%	0.14%	0.90%
Default**	0.37%	N/A	0.37%
Balanced	0.91%	0.16%	1.07%
Growth	0.98%	0.16%	1.14%

* The minimum charge for the annual management fee component of the annual fund charges (described above) is \$40. If you invest in more than one fund, this minimum applies pro-rata across those funds. No minimum is charged on Default Fund investments.

** The annual management fee and annual fund charge figures for the Default Fund are maximums. You may pay less, but never more, than what is shown for Default Fund investments. If your Default Fund balance is \$1,500 or less, there is no annual fund charge on your Default Fund investment.

Description of the above fees

Total estimated annual fund charges are made up of:

- The **annual management fee** charged by Fisher Funds for providing investment management services to the funds
- Costs and expenses** incurred by the funds for services such as registry services, accounting, custody, unit pricing, and audit, and include the Supervisor's fees.

The annual fund charges are paid from the funds, or the underlying funds they may invest in.

All fees are disclosed on a before-tax basis. GST may be added to fees and may be included in some expenses, where applicable.

Individual action fees

We do not currently charge contribution, withdrawal, establishment, switching, or transfer fees, but we could charge these or other fees in the future.

Buy/sell spreads

Although under normal trading and market conditions we do not apply buy and sell spreads, we may choose to do so. You can find out if any buy or sell spreads have been applied at fisherfunds.co.nz/spread-pricing. Further information is set out in the "Other Material Information" document at fisherfunds.co.nz/kiwisaver-plan/forms-and-documents.

Example of how fees apply to an investor

Jen invests \$10,000 in the Balanced Fund. The starting value of her investment is \$10,000. She is charged management and administration fees, which work out to about \$107 (1.07% of \$10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Estimated total fees for the first year

Fund charges	\$107
--------------	-------

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Balanced Fund. If you are considering investing in other funds in the Plan, this example may not be representative of the actual fees you may be charged.

The fees can be changed

The fees may change or new fees may be added — we'll let you know beforehand if they do. If we do make any changes, we'll make sure they are within the rules for the Plan with the agreement of the Supervisor or for the Default Fund, the approval of the relevant Government Minister.

We may apply buy/sell spreads for a fund without notice. There are no limits on the buy/sell spreads that we can apply.

We can charge any client or group of clients fees at a lower rate, or waive or rebate fees for any client or group of clients, with the Supervisor's consent.

Fisher Funds must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at fisherfunds.co.nz/kiwisaver-plan/forms-and-documents.

6. What taxes will you pay?

The Plan is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to ird.govt.nz/pir.

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Fisher Funds your PIR when you invest or if your PIR changes. If you do not tell Fisher Funds, a default rate may be applied.

If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

Give us a call, or check out the 'Tax' section of the OMI for more information on PIE tax.

Section 2 – Identification options

Fisher Funds is required to verify the identity of new clients and associated parties under the Anti-Money Laundering and Countering Financing of Terrorism Act 2009 ('AML/CFT Act'). We offer clients two ways to confirm their identity.

Option 1

Electronic identity verification (not available for minors)

Fisher Funds has the ability to electronically verify your identity and address. Once we have received your application we will send you an SMS via our third party partner to biometrically verify your identity. To complete this method of verification you must have: a smartphone (with a front camera that is capable of taking a photo/video) and a current (not expired) version of one of the following: New Zealand Passport; New Zealand Driver Licence; Australian Passport; Australian Driver Licence.

If this method of identification is unsuccessful you will be required to provide certified ID and proof of address.

Option 2

Certified copies of identity documents and proof of residential address

Please provide a certified copy of your identity documents and proof of your residential address. Refer to sections 3 and 4 for information on acceptable identity documents and who can certify them.

Preferred identification method

— please select one of the following options:

Option 1 – I would like Fisher Funds to electronically verify my identity (if selected go to Section 6)

Option 2 - I would like to provide Fisher Funds with certified copies of my identity documents (if selected go to Section 3)

Section 3 – Certified identity documents (18 and over)

If you selected Option 2 as your preferred way for us to verify your identity please select **one** of the certified identification options below. If you have selected Option 1 you do not need to provide certified ID now.

If you are an existing Fisher Funds client we may have your identification documents on file, please contact us to confirm this. We may request new identification documents from you.

Option A: (preferred)

- Passport**
(containing name, date of birth, photograph and signature)
- OR
- New Zealand Firearms Licence**

Option B:

- New Zealand Driver Licence** (front and back)
AND one of the following

Section 6 – Contributions

If you are employed

If you are employed your regular contributions will be made by your employer.

- You must let your employer know the contribution rate you have elected (as a percentage of gross salary or wages).
- If you are joining KiwiSaver for the first time please let your employer know.

If you are transferring

If you are transferring from another KiwiSaver provider and are contributing via your employer, your contributions will be automatically redirected to Fisher Funds.

If you are not employed or self-employed

If you are not employed (unemployed, under 18 and not working, retired, etc) or self-employed you will invest directly with Fisher Funds.

To set up a one off or regular direct debit, please complete the Direct Debit Form on page 25 of the product disclosure statement.

Section 7 – Investment options

There are six funds for you to choose from (Cash, Default Conservative, Conservative, Default, Balanced or Growth). You can choose one fund or spread your investment across them.

Please enter how you would like your investment allocated. Your allocation must total 100% and be in 5% increments if you are spreading your investment.

Important note

Please enter how you would like your investment allocated. Your allocation must total 100% and be in 5% increments if you are spreading your investment.

It is in your best interests to give us an Investment Direction.

If you do not give us an Investment Direction you will be invested in the Balanced Fund.

If the Investment Direction you give us does not add up to 100%, any unallocated portion will be invested in the Balanced Fund.

If you need help making a choice you should seek financial advice.

1. If you invest in more than one fund, we will rebalance your investment account on a quarterly basis unless you opt out or select a different frequency. A 5% tolerance will be applied, meaning that we will only rebalance your account if, as at the rebalancing date, the percentage of your account invested in one or more of your selected funds differs by 5% or more from the percentage specified in your investment direction. Any units issued or redeemed as part of a rebalance will be processed as a switch using the next available unit price after the rebalance date. If we are applying Buy/Sell spreads at the time of the switch they will be applied when we rebalance your account. Please see the Product Disclosure Statement and the Other Material Information document for more information about rebalancing, switches, and Buy/Sell spreads.

By signing this Application Form you acknowledge that

1. Choosing an investment option is solely your responsibility and neither Fisher Funds nor the Supervisor of the Fisher Funds KiwiSaver Plan ('the Plan') is to be regarded as representing or implying that any particular investment option is appropriate for your personal circumstances;
2. The Product Disclosure Statement does not give financial advice and if you are unsure about choosing an investment option you can seek advice from a financial adviser;
3. You can change your investment option at any time.

Section 11 – Member declaration and authorisation

- I have received the Product Disclosure Statement (PDS) and agree to be bound by the terms and conditions of the PDS and Trust Deed.
- I understand that the Plan is a vehicle for long term investment and that the value of my investment is liable to fluctuations and may rise and fall from time to time. I acknowledge that, subject to the KiwiSaver Act 2006, I will be unable to make any withdrawal from the Fisher Funds KiwiSaver Plan until Fisher Funds Wealth Limited has received my signed withdrawal request and any supporting or identification information required.
- I understand the manner in which the fees will be deducted from my investment.
- I, unless I opt out or select another frequency in the manner required by Fisher Funds, authorise Fisher Funds to automatically rebalance my account on a quarterly basis (or other frequency selected by you). I acknowledge that you will apply a 5% tolerance (on a per fund basis) when rebalancing my account and that you may in some circumstances apply Buy/ Sell spreads, these will be applied to the unit price of units issued and redeemed during the rebalancing process.
- I acknowledge that neither the Manager nor the Supervisor will be liable to me for any loss as a consequence of the investment options given on this form or any later investment option given in accordance with the Trust Deed (and that none of the Manager, the Supervisor, the Crown or any other person guarantees the performance of the fund(s) I select). I meet the eligibility criteria for joining the Plan as set out in Section 2 of the PDS.
- If I am transferring from another KiwiSaver scheme or registered scheme I authorise the Manager and Supervisor of the transferring scheme to provide to Fisher Funds and the Supervisor of the Plan any of my personal information as necessary to complete the transfer of my account. I understand that I will cease to be a member of my current scheme.
- I understand that the financial adviser or distributor through which my investment was made (if applicable) may be remunerated by the Manager for distributing the Plan.
- I agree, if I join through a registered bank or if I use a registered bank's internet banking, I am also bound by the registered bank's terms and conditions.
- I acknowledge that no one, including any registered bank which may refer prospective clients to the Plan for fulfilment of their wealth needs, stands behind or guarantees the repayment of investments or payment of any returns on investments in the Plan and although those registered banks may refer prospective clients to the Plan for fulfilment of their wealth needs, investment in the Plan does not represent a bank deposit or liability of any of those registered banks.
- The information you provide may also be used to electronically verify your identity and address (if necessary), and may be disclosed to third parties including government agencies for this purpose.

Section 11 – Member declaration and authorisation (continued)

- In addition to receiving information about my account electronically, I consent to receiving electronic communications about additional services that Fisher Funds considers may be of interest to me from Fisher Funds, any member of the Fisher Funds group and any distributor of the Plan. This consent applies to electronic details to Fisher Funds while joining or at any other time. I may elect to not receive electronic communications at any time. More information about Fisher Funds Management Limited related companies and who distributes the Plan is available in the Plan's Other Material Information document.
- I acknowledge that the Privacy Act 2020 gives me the right to access and request correction of personal information held by Fisher Funds Wealth Limited, the Supervisor and their associated entities and agents. I acknowledge that the information in this application form, and any information I provide at later dates will be used and may be shared as outlined in your privacy statement on your website at fisherfunds.co.nz/privacy-policy.
- I confirm that all of the information I have given in this application is true and correct.
- If signed under a power of attorney, the attorney certifies that he/she has not received notice of a revocation of that power.
- I will notify Fisher Funds immediately if there is any change in any information I have given in this application.

Direct Debit Form (continued)

Specific conditions relating to notices and disputes

- I may ask my bank to reverse a direct debit up to 120 calendar days after the debit if:
- I don't receive a written notice of the amount and date of each direct debit from the initiator, or

I receive a written notice but the amount or the date of debiting is different from the amount or the date specified on the notice. The initiator is required to give you a written notice

of the amount and date of each direct debit no less than 10 calendar days before the date of the debit.

If the bank dishonours a direct debit but the initiator sends the direct debit again within 5 business days of the dishonour, the initiator is not required to give you a second notice of the amount and date of the direct debit.

Conditions of this Authority

1. The Initiator:

1.1 Will provide notice either:

- 1.1.1. in writing; or
- 1.1.2. by electronic mail where the Customer has provided prior written consent to the Initiator.

1.2 Has agreed to give advance notice of the net amount of each direct debit and the due date of the debiting at least 10 calendar days (but not more than two calendar months) before the date when the direct debit will be initiated.

- 1.2.1. The advance notice will include the following message: "Unless advice to the contrary is received from you by (date*), the amount of \$..... will be directly debited from your Bank account on (initiating date*)." ***This date will be at least two days prior to the initiating date to allow for amendment of direct debits.**

1.3 May, upon the relationship which gave rise to this Instruction being terminated, give notice to the Bank that no further direct debits are to be initiated under the Instruction. Upon receipt of such notice the Bank may terminate this Instruction as to future payments by notice in writing to me/us.

1.4 May rely on this authority to debit a different bank account upon receipt of instructions from the Customer via a bank to which their account has been transferred.

2. The Customer may:

2.1 At any time, terminate this Instruction as to future payments by giving written (or by the means previously agreed in writing) notice of termination to the Bank and to the Initiator.

2.2 Stop payment of any direct debit to be initiated under this Instruction by the Initiator by giving written notice to the Bank prior to the direct debit being paid by the Bank.

3. The Customer acknowledges that:

3.1 This Instruction will remain in full force and effect in respect of all direct debits passed to my/our account in good faith notwithstanding my/our death, bankruptcy or other revocation of this Instruction until actual notice of such event is received by the Bank.

3.2 In any event this Instruction is subject to any arrangement now or hereafter existing between me/us and the Bank in relation to my/our account.

3.3 Any dispute as to the correctness or validity of an amount debited to my/our account shall not be the concern of the Bank except in so far as the direct debit has not been paid in accordance with this Instruction. Any other disputes lie between me/us and the Initiator.

3.4 Where the Bank has used reasonable care and skill in acting in accordance with this Instruction, the Bank accepts no responsibility or liability in respect of:

- 3.4.1. the accuracy of information about direct debits on Bank statements; and
- 3.4.2. any variations between notices given by the Initiator and the amounts of direct debits.

3.5 The Bank is not responsible for, or under any liability in respect, of the Initiator's failure to give notice in accordance with clause 1.1, nor for the non-receipt or late receipt of notice by me/us for any reason whatsoever. In any such situation the dispute lies between me/us and the Initiator.

4. The Bank may:

4.1 In its absolute discretion conclusively determine the order of priority of payment by it of any monies pursuant to this or any other Instruction, cheque or draft properly signed by me/us and given to or drawn on the Bank.

4.2 At any time terminate this Instruction as to future payments by notice in writing to me/us.

4.3 Charge its current fees for this service in force from time to time.

4.4 Upon receipt of an 'authority to transfer form' signed by me/ us from a bank to which my/our account has been transferred, transfer to that bank this Authority to Accept direct debits.
