

Annual return graph¹

This shows the return after fund charges and tax for each of the last 10 years ending 31 March. The last bar shows the average annual return for the last 10 years, up to 31 March 2024.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the AMP Defensive Conservative Fund are charged fund charges. In the year to 31 March 2023 these were:

	% of net asset value
Total fund charges (estimated)²	0.44%
Which are made up of -	
Total management and administration charges (estimated)	0.44%
Including -	
Manager's basic fee	0.35%
Other management and administration charges (estimated) ³	0.09%
Total performance-based fees	0.00%
Other charges	Dollar amount per investor or description of how charge is calculated
Member fee	\$23.40

Different member fees or fee rebates may apply to some members. Any different fees or rebates will be set out in the Member Booklet or supplement, if applicable, which you can request from your Adviser.

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the 'fees and other charges' document on the entry relating to the offer of interests in the AMP KiwiSaver Scheme maintained on the offer register (disclose-register.companiesoffice.govt.nz) for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Craig had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Craig received a return after fund charges were deducted of \$585.00 (that is 5.85% of his initial \$10,000). Craig also paid \$23.40 in other charges. This gives Craig a total return after tax of \$561.60 for the year.

What does the fund invest in?

Actual investment mix⁴

This shows the types of assets that the fund invests in.

Target investment mix

This shows the mix of assets that the fund generally intends to invest in.

Further information

You can also obtain this information, the PDS for the AMP KiwiSaver Scheme, and some additional information from the offer register at disclose-register.companiesoffice.govt.nz.

Notes

- 1 From 12 July 2021, AMP Wealth Management New Zealand Limited (AMPWM) took over from AMP Capital Investors (New Zealand) Limited (AMP Capital), now known as Macquarie Asset Management (NZ) Limited (Macquarie), as the underlying fund manager for this fund. The fund performance in the table shows fund performance which relates to both AMPWM (with support from BlackRock Investment Management (Australia) Limited) and AMP Capital, now known as Macquarie.
- 2 The total fund charges are inclusive of any applicable GST.
- 3 The other management and administration charges include estimates of underlying fund charges provided by underlying fund managers.
- 4 The actual investment mix and top ten investments have been calculated excluding cash and cash equivalents held for operational purposes.
