

AMP CAPITAL INVESTMENT FUNDS ETHICAL LEADERS DIVERSIFIED FUNDS

Product Disclosure Statement

Dated 28 February 2020

This document replaces the Product Disclosure Statement dated 18 July 2019.

Issued by AMP Investment Management (N.Z.) Limited

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on www.companiesoffice.govt.nz/disclose. AMP Investment Management (N.Z.) Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013 (**FMC Act**). You can also seek advice from a financial adviser to help you to make an investment decision.

1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. AMP Investment Management (N.Z.) Limited will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of AMP Investment Management (N.Z.) Limited, and of its investment managers and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

There are three investment options offered under this Product Disclosure Statement (PDS).

These investment options are summarised below. More information about the investment target and strategy for each investment option is provided in section 3 of the PDS, "Description of your investment options" on page 6.

Who manages the AMP Capital Ethical Leaders Diversified Funds?

The manager of the funds is AMP Investment Management (N.Z.) Limited (**Manager**).

See section 7 of the PDS, "Who is involved?" on page 8 for more information about us.

How can you get your money out?

You may at any time request the redemption of some or all of your investment. For each fund, payment will normally be made within 10 business days of the Manager receiving a redemption request from you.

We have the ability, in certain circumstances, to suspend redemptions (for instance, where we believe, in good faith, that it is not practicable or would be prejudicial to investors' interests for the Supervisor to realise assets or borrow to permit redemptions - this could be because of market or asset conditions or other circumstances).

See section 2 of the PDS, "How does this investment work?" on page 5 for more information.

Your investment in the AMP Capital Ethical Leaders Diversified Funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

How will your investment be taxed?

All of the funds offered under this PDS are Portfolio Investment Entities (PIEs).

The amount of tax you pay in respect of a PIE is based on your Prescribed Investor Rate (PIR). To determine your PIR go to www.ird.govt.nz/toii/pir/.

See section 6 of the PDS, "What taxes will you pay?" on page 8 for more information.

Where can you find more key information?

AMP Investment Management (N.Z.) Limited is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at www.ampcapital.com. The Manager will also give you copies of those documents on request.

FUND NAME	DESCRIPTION	RISK INDICATOR	FUND CHARGES (ESTIMATED) (of the value of the fund's assets each year)	BUY / SELL SPREAD (of each investment/ redemption)
ETHICAL LEADERS CONSERVATIVE FUND	The fund aims to provide Real Returns of around 4% per annum over the medium to long term. To do this, it uses diversification across asset types, with a distinct bias to income assets (eg bonds). The fund is managed to specific 'responsible investment' criteria which prohibit investments in certain companies or activities, and encourages investment in companies with strong environmental, social and governance characteristics. This fund is governed by the Ethical Leaders Charter and has been certified by the Responsible Investment Association of Australasia (RIAA*).		1.25%	0.10% / 0.10%
ETHICAL LEADERS BALANCED FUND	The fund aims to provide Real Returns of around 5% per annum over the medium to long term. To do this, it uses diversification across asset types, with a mix of income assets (eg bonds) and growth assets (eg shares). The fund is managed to specific 'responsible investment' criteria which prohibit investments in certain companies or activities, and encourages investment in companies with strong environmental, social and governance characteristics. This fund is governed by the Ethical Leaders Charter and has been certified by the Responsible Investment Association of Australasia (RIAA*).		1.30%	0.17% / 0.17%
ETHICAL LEADERS GROWTH FUND	The fund aims to provide Real Returns of around 6% per annum over the medium to long term. To do this, it uses diversification across asset types, with a distinct bias to growth assets (eg shares). The fund is managed to specific 'responsible investment' criteria which prohibit investments in certain companies or activities, and encourages investment in companies with strong environmental, social and governance characteristics. This fund is governed by the Ethical Leaders Charter and has been certified by the Responsible Investment Association of Australasia (RIAA*).		1.45%	0.22% / 0.22%

* RIAA is the industry body representing responsible and ethical investors across Australia and New Zealand. For more information on RIAA and what certification means, please see the offer register at www.companiesoffice.govt.nz/disclose in the document titled 'Other material information', located under the 'Documents' tab on the managed fund offer register for the AMP Capital Investment Funds.

See section 4 of the PDS, "What are the risks of investing?" on page 7 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz.

2. How does this investment work?

This PDS is an offer to purchase units in the AMP Capital Ethical Leaders Diversified Funds. Each of the funds offered under this PDS is constituted within a managed investment scheme that is governed by a trust deed dated 24 November 2015 (the AMP Capital Investment Retail Funds Trust Deed).

The money you invest buys units in the fund or funds you choose. Each fund invests in assets, such as other funds. The units do not give you legal ownership of the fund's assets but they do give you rights to the returns from the assets.

The price of each unit depends on the value of the fund at the time you invest and any buy spread that applies to that fund. We calculate the unit price for a fund by dividing the Current Value of the fund by the number of units the fund has issued. The unit price is calculated daily.

A change in the value of the fund's assets affects the value of your units. The unit price for a fund will change as the market value of those fund's assets changes.

The number of units you have, when multiplied by the unit price, gives you the total value of your investment in any one fund (although the impact of tax can result in a change in the number of units you hold, up or down).

The assets of a fund are not available to meet the liabilities of any other fund in the scheme.

Investing in managed funds can help you achieve your savings goals and create greater wealth for the future by offering you:

- **Diversification.** Pooling together large amounts of money enables fund managers to invest in a spread of assets which allows diversification and aims to reduce the risk of your investment portfolio. It also provides access to markets and securities that might otherwise be out of reach.
- **Professional management.** Employing the expertise and resources of a professional manager is particularly beneficial if you do not have the time or the skill to manage your own investments.
- **Simplified investing.** Fund managers take care of the paperwork involved in buying, selling, reporting and record keeping.

The return on your investment comes from any increase or decrease in the unit price.

The funds offered under this PDS do not distribute income.

Accordingly, any income of these funds is reflected in the unit price.

Making investments

You will invest in the Funds through an administration and custodial service we deal with. In this case you will not be a direct investor in a Fund and will not have a direct relationship with the Supervisor or ourselves. Instead, the Supervisor and the Manager have a direct relationship with the administration and custodial service, and they will be able to exercise any rights attached to units held. We will send all reports, distribution notifications, and documentation to the administration and custodial service, not directly to you.

We have entered into arrangements with select administration and custodial services in relation to investing in the Funds. As such, you should contact your financial adviser or administration and custodial service for more information on minimum investment or withdrawal levels and cut off times for application. You should refer to the administration and custodial service terms and the relevant marketing information about investing in the funds through that service.

If you wish to invest in the Funds and you do not have a financial adviser or administration and custodial service then please contact us using the contact details in section 7 of this PDS, "Who is involved?" on page 8.

Withdrawing your investments

You may request a redemption of some or all of your investment at any time. For each fund, payment will normally be made within 10 business days of our receiving a redemption request from you. However, we have the ability, in certain circumstances, to suspend redemptions (for instance, where we believe, in good faith, that it is not practicable or would be prejudicial to investors' interests for the Supervisor to realise assets or borrow to permit redemptions – this could be because of market or asset conditions or other circumstances).

When you redeem all or part of your investment from a fund, we will redeem your investment at the unit price for that fund, adjusted for the applicable sell spread for that fund.

How to switch between funds

You may at any time request to switch your investment between the funds offered under this PDS or to any other AMP Capital Investment Fund offered by us. A switch will be treated as a redemption from one fund or funds and an application into the other fund or funds.

You will not be charged a switch fee but the buy and sell spreads will apply on each redemption and application under the switch. More information about the buy and sell spreads can be found in section 5 of the PDS, "What are the fees?" on page 7.

This PDS provides information on the AMP Capital Ethical Leaders Diversified Funds. Information on other AMP Capital Investment Funds not offered under this PDS is provided in the following PDS documents:

- AMP Capital Cash and Fixed Interest Funds PDS
- AMP Capital Global Shares Funds PDS
- AMP Capital Goals Based Funds PDS
- AMP Capital New Zealand and Australian Shares Funds PDS
- AMP Capital Property, Infrastructure and Commodities Funds PDS
- AMP Capital Index Funds PDS.

*RIAA is the industry body representing responsible and ethical investors across Australia and New Zealand. For more information on RIAA and what certification means, please see the offer register at www.companiesoffice.govt.nz/disclose in the document titled 'Other material information', located under the 'Documents' tab on the managed fund offer register for the AMP Capital Investment Funds.

**Alternative assets may include (but are not limited to) private equity, forestry, infrastructure, carbon offset credits, social or environmental impact and other developing asset types with a responsible investment focus. While there is no target asset allocation for Alternative assets, the SIPO provides for a benchmark asset allocation range of 0-30%, therefore this asset class is included in this PDS.

The Manager can make changes to the Statement of Investment Policy and Objectives (SIPO) of any fund in accordance with the Trust Deed and the FMC Act. Before making changes to the SIPO, the Manager will consider if the changes are in your best interests and consult with the Supervisor. We will give notice of changes to unit holders of the relevant fund prior to effecting any material changes. The most current SIPO for the funds can be found on the scheme register at www.companiesoffice.govt.nz/disclose.

The Manager's use of the various market indices referred to here is subject to certain terms, conditions and disclaimers as described in the offer register at www.companiesoffice.govt.nz/disclose in the document titled 'Other material information', located under the 'Documents' tab on the managed fund offer register for the AMP Capital Investment Funds.

Further information about the assets in each fund can be found in the fund updates at www.ampcapital.com.

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

See section 1 of the PDS, "Key information summary" on page 3 for the risk indicators for the funds offered under this PDS.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz.

Note that even the lowest category does not mean a risk-free investment, and there may be other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to

31 December 2019. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund updates for these funds.

General investment risks

Some of the things that may cause the funds' value to move up and down, which affect the risk indicator, are:

Market risk

Market risk is the risk of losses in a fund's investments arising due to market prices of those investments changing.

This is of significance to the AMP Capital Ethical Leaders Diversified Funds as the assets of those funds are market linked, and are therefore susceptible to general market fluctuations and individual security price fluctuations.

Currency risk

Currency risk is the risk of exchange rate fluctuations between the New Zealand dollar (the currency in which the funds are valued) and foreign currencies.

Currency risk will affect funds that invest in offshore assets that are not fully hedged back to New Zealand dollars. The AMP Capital Ethical Leaders Diversified Funds all have assets invested offshore and therefore the returns of these funds can be affected by movements between the New Zealand dollar and other currencies if they are not adequately hedged.

We manage currency risk for each of the funds which have exposure to overseas assets by a currency management policy, where some or all of the currency exposure is hedged back to New Zealand dollars. The currency management policy for each fund is detailed in the AMP Capital Investment Funds SIPO.

Liquidity risk

In volatile market conditions, a fund's assets may not necessarily be as easily realisable as they may have been at a previous point in time, or may only be able to be realised at a lower value than might be expected in normal market conditions. This could have a negative effect on the value of a fund's assets and its performance, and in turn may affect the value of your investment and the returns you receive from the fund.

Alternative assets risk

The degree of pricing transparency for investment in alternative assets may be lower than for investments in traditional asset classes, due to their different listing or valuation standards, and the other general investment risks may be magnified as they may be active in less liquid markets than traditional securities. Investment returns may be generated by the strategies used by the alternative asset investment manager rather than through exposure to specific markets or assets, which means that these investments may underperform other index-based investments, such as share market investments, particularly in times of strong economic growth. The carrying value of alternative assets may not reflect their currently realisable value. This may be due to a range of factors, including buy/sell spreads, liquidity pressures, market sentiment at the time of sale and delays between valuation and realisation of an asset.

5. What are the fees?

You will be charged fees for investing in the AMP Capital Ethical Leaders Diversified Funds. Fees are deducted from your investment and will reduce your returns. If any of the funds invest in other funds, those other funds may also charge fees. The fees you pay will be charged in two ways:

Regular charges - for example, annual fund charges. Small differences in these fees can have a big impact on your investment over the long term.

One-off fees - for example, the initial buy spread.

Annual fund charges

	MANAGEMENT FEES (excluding GST)	ESTIMATED ADMINISTRATION CHARGES (including GST)	TOTAL ANNUAL FUND CHARGES
Ethical Leaders Conservative Fund	1.00%	0.25%	1.25%
Ethical Leaders Balanced Fund	1.10%	0.20%	1.30%
Ethical Leaders Growth Fund	1.20%	0.25%	1.45%

Management fees - We charge an annual management fee to each fund as set out above. GST is currently charged at 15% on 10% of the management fee in accordance with the non-binding IRD agreement with the Financial Services Council of New Zealand Incorporated on behalf of the funds management industry. GST on management fees is currently under review and therefore this percentage may change in the future.

Administration charges - These charges cover the general management of the fund e.g. supervisor, legal, custodian and audit fees. Subject to the exception noted below, they also cover charges payable in respect of the underlying funds that the above funds invest in. These charges are an estimate. Actual charges over the previous 12 months are available in the latest fund update.

Individual action fees

Buy/Sell spreads

	BUY SPREAD	SELL SPREAD
Ethical Leaders Conservative Fund	0.10%	0.10%
Ethical Leaders Balanced Fund	0.17%	0.17%
Ethical Leaders Growth Fund	0.22%	0.22%

Explanation

Buy/Sell spreads - When you enter or leave a fund, any buy or sell spreads applicable at that time will be a cost to you. The buy spread is added to the unit price on entry to the fund, and the sell spread is deducted from the unit price on exit from the fund. The buy/sell spreads belong to the fund and are not fees paid to us or any investment manager. The purpose of buy/sell spreads is to make sure that any transaction costs incurred as a result of an investor entering or leaving the fund are borne by that investor, and not other investors in the fund. There is no GST charged on buy/sell spreads.

There are no other one-off fees currently being charged to any of the funds offered under this PDS.

Example of how fees apply to an investor

Alistair invests \$10,000 in the Ethical Leaders Growth Fund. A buy spread of 0.22% is incorporated in the unit price that he pays for his investment. This equates to \$22.

This brings the starting value of his investment to \$9,978.

He is also charged management and administration fees, which work out to about \$145 (1.45% of \$9,978). These fees might be more or less if the value of his investment has increased or decreased over the year.

Estimated total fees for the first year

Individual action fees: \$22

Fund charges: \$145

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Ethical Leaders Growth Fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

We can change fees from time to time. We can also add new fees. The rules about fee changes are in the Trust Deed which can be found on the scheme register at www.companiesoffice.govt.nz/disclose.

AMP Investment Management (N.Z.) Limited must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates are available on the offer register at www.companiesoffice.govt.nz/disclose.

6. What taxes will you pay?

Each fund is a Portfolio Investment Entity. The amount of tax you pay is based on your PIR. To determine your PIR, go to www.ird.govt.nz/toii/pir/. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell the Manager (or, if you invest through an administration and/or custodial service, the provider of that service) your PIR when you invest or if your PIR changes. If you do not tell the Manager (or the provider of the administration and/or custodial service you invest through, if applicable), a default rate may be applied. If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR is higher than the correct PIR, you will not get a refund of any overpaid tax.

7. Who is involved?

About AMP Investment Management (N.Z.) Limited

AMP Investment Management (N.Z.) Limited is the manager of the funds.

Other information we will provide

You can also obtain the following information, free of charge:

INFORMATION	HOW TO OBTAIN
Latest unit price	The latest unit price is available on our website: www.ampcapital.com .
Fund information relevant to you	You can inspect documents we hold that are relevant to you, and other documents that are legally required to be provided to you, at our offices during normal business hours, or request an extract of those documents, by written request to us.
Fund updates	The fund updates for the funds will be publicly available from our website and can be requested from us.

You will also be sent an annual tax statement which will include the amount of PIE income allocated to you and the amount of tax paid at your chosen PIR. You will also be asked to confirm your IRD number and PIR.

You can find general information about us, the funds, and our management team on our website www.ampcapital.com.

10. How to apply

You will invest in the Funds through an administration and custodial service we deal with. In this case you will not be a direct investor in a Fund and will not have a direct relationship with the Supervisor or ourselves. Instead, the Supervisor and the Manager have a direct relationship with the administration and custodial service, and they will be able to exercise any rights attached to units held. We will send all reports, distribution notifications, and documentation to the administration and custodial service, not directly to you.

We have entered into arrangements with select administration and custodial services in relation to investing in the Funds. As such, you should contact your financial adviser or administration and custodial service for more information on minimum investment or withdrawal levels and cut off times for application. You should refer to the administration and custodial service terms and the relevant marketing information about investing in the funds through that service.

If you wish to invest in the Funds and you do not have a financial adviser or administration and custodial service then please contact us using the contact details in section 7 of this PDS, "Who is involved?" on page 8.
