3. About Nikko AM

Nikko AM NZ is a wholly owned subsidiary of Nikko Asset Management Co., Ltd (“**Nikko AM**”), headquartered in Tokyo, Japan and founded in 1959. Nikko AM is majority owned by Sumitomo Mitsui Trust Bank, Limited (“**SMTB**”). SMTB is listed on the Tokyo Stock Exchange.

We were established in 1994. We manage around \$8 billion of funds for a diverse group of clients including group companies, trustees of superannuation schemes, charitable trusts, foundations, KiwiSaver scheme providers and other entities such as corporations, local governments other fund managers, financial planners, investment product distributors and high net worth individuals.

We offer investment management services in domestic assets (equities, fixed interest, cash and alternative investments) through our Auckland based investment team and employ carefully selected offshore managers to manage global assets (global equities, global fixed interest and alternative investments). We are an active investment manager. As such, we take a medium term approach to investment. Our focus is on using research-based information to add value over time and achieve clients’ investment objectives. Our business is to provide investment management expertise primarily for New Zealand based clients. We manage each fund in accordance with the Statement of Investment Policies and Objectives (“**SIPO**”) relevant to that fund. We may change the SIPO from time to time, in consultation with the Supervisor. We are responsible for the investment management, administration and promotion of the Funds. We are registered as a financial service provider under the Financial Service Providers (Registration and Dispute Resolution) Act 2008 (FSP Act).

6. Supervisor and manager indemnity

If either we or the Supervisor is held personally liable to any other person in respect of any liability incurred by or on behalf of a Fund, or any action taken or omitted by us or the Supervisor in connection with any Fund (other than in respect of our or the Supervisor's negligence) then we or the Supervisor are entitled to be indemnified or reimbursed out of the assets of the Fund to the full extent of such liability and the costs of any litigation or other proceedings in which such liability has been determined including without limitation legal fees and disbursements in priority to any claims by Investors.

You also indemnify the Supervisor and us for tax paid on income attributed to you by a Fund. This indemnity only applies if the value of the Units you hold in a Fund is insufficient to meet your tax liability.

Please see the Trust Deed for further information in relation to the Supervisor's and our responsibilities and indemnities.

7. Market indices, Benchmarks and Investment Objectives

Market Indices

The following funds have opted to rely on the Financial Markets Conduct (Market Index) Exemption Notice 2018 (the exemption).

Fund Type	Fund name	Assets with Appropriate Market Index (AMI)	Assets with Peer Group Index (PGI)	Market Index
Diversified Fund	Nikko AM Conservative Fund	✓		Composite
Diversified Fund	Nikko AM Balanced Fund	✓	✓	Composite
Diversified Fund	Nikko AM Growth Fund	✓	✓	Composite
Diversified Fund	Nikko AM Income Fund	✓		Composite
Diversified Fund	Nikko AM Freedom Fund	✓		Composite

Diversified Funds

For the Nikko AM Conservative Fund, Nikko AM Balanced Fund, Nikko AM Growth Fund, the Nikko AM Income Fund and for the purposes of this section, the Nikko AM Freedom Fund (together, “Diversified Funds”), a composite index is used in order to calculate the market index annual return published in each fund’s fund update. These Diversified Funds are made up of:

- Assets, being a portfolio of market securities or underlying sector funds, with an appropriate market index; and
- Assets, being a portfolio of market securities or underlying sector funds, with a peer group index

Nikko AM NZ (the “Manager”) believes the use of a composite benchmark for these funds is useful to investors in assessing the performance of each Diversified Fund. The composite market index for each Diversified Fund is made up of the index of the underlying sector funds (where an appropriate market index or peer group index has been identified) multiplied by each respective target investment mix for the underlying sector fund.

The average weighted composite return is then applied to the whole fund.

8. Valuations

The Net Asset Value of each fund is calculated by deducting from the market value of the investments of the relevant fund, the liabilities of the fund and other provisions we think are necessary or desirable for accrued or contingent outgoings, liabilities or losses of the fund.

Each fund is valued at least daily. We may value a fund less frequently only in situations where for reasons beyond our control, valuation is impossible or impracticable for the day in question.

We may, with the approval of the Supervisor, make special determinations of the Net Asset Value of a fund if we consider that special circumstances have arisen to warrant such a determination.

The Manager will determine the market value of each investment and the Net Asset Value of each fund in accordance with the Trust Deed and on a consistently applied basis.

We have agreed with the Supervisor a compensation policy that will apply in the event that a material unit pricing error or material non-compliance with a pricing methodology requires correction. Under the current policy a material error (unless the Manager and the Supervisor agree otherwise) is an error that equals or exceeds 0.30% in relation to any fund. Where agreed with the Supervisor, we may agree not to pay compensation to you for an amount less than \$20 (or such other amount as the Manager and the Supervisor may agree from time to time).

9. Performance fees

Nikko AM Concentrated Equity Fund

The Nikko AM Concentrated Equity Fund has a performance fee of 10% of gains above the hurdle rate. The “hurdle rate” is the minimum return the fund must achieve before being able to charge a performance fee. The hurdle rate for the fund is 5% above the Reserve Bank of New Zealand Official Cash Rate over a 12-month financial period after deducting our management fee and expenses. Performance-based fees are payable only if the fund’s performance exceeds the high-water mark. The high-water mark for the Nikko AM Concentrated Equity Fund is equal to the performance level of the Nikko AM Concentrated Equity Fund at the end of the last financial period when a performance fee was charged. This means if the Nikko AM Concentrated Equity Fund loses value over one or more financial periods, Nikko AM NZ must achieve investment returns above the high-water mark for the Nikko AM Concentrated Equity Fund before receiving another performance-based fee. The high-water mark cannot be reset unless the Nikko AM Concentrated Equity Fund’s performance exceeds that mark. The performance fee for each financial period is accrued daily in the unit price and paid at the end of the financial period. A financial period for the fund is 12 months ending 30 September in each year. The performance fee does not have a maximum limit.

10. Further information on other expenses

JPMorgan Funds – Multi-Manager Alternatives Fund

The Nikko AM Balanced and Nikko AM Growth Funds invest, via the Nikko AM Wholesale Multi-Strategy Fund, in the MMAF, an unrelated party. Fund fees and expenses and underlying fund manager fees in the JPMMA Fund are capped at 1.95% p.a.

11. Swing pricing adjustment – Nikko AM ARK Disruptive Innovation Fund only

The Nikko AM ARK Disruptive Innovation Fund (“Underlying Fund”) may adopt a swing pricing mechanism as part of its valuation process. This is to protect shareholders’ interests and counter the impact of dilution in the Underlying Fund.

The means that in certain circumstances, adjustments to the NAV per share can be made to counter the impact of dealing and other costs on occasions when these are deemed to be significant.

If, on any valuation day, the aggregate net investor transactions in the Underlying Fund exceed a pre-determined threshold, the NAV per share may be adjusted upwards or downwards to reflect the costs attributable. Typically, such adjustments will increase the NAV per share of the Underlying Fund when there are net subscriptions into the Underlying Fund and decrease the NAV per share when there are net redemptions out of the Underlying Fund. Nikko Asset Management Luxembourg S.A. as the Management Company for the Nikko AM Global Umbrella Fund is responsible for setting the threshold, which will be a percentage of the net assets of the Underlying Fund. The threshold is based on objective criteria such as the size of the Underlying Fund and the dealing costs for the Underlying Fund, and may be revised from time to time.

As a consequence of the application of swing pricing, the volatility of the Underlying Fund’s NAV may be higher than the volatility of the Underlying Fund’s portfolio.

12. How we can change your investment

We can change any fees or introduce new fees in respect of a fund at any time. If we increase fees or introduce a new fee, we will give the investor one month’s notice in advance. We may also alter the minimum investment and withdrawal amounts, any notice periods and introduce buy/sell prices. We can also close or wind up a fund.

We may amend the provisions of the Trust Deed with the agreement of the Supervisor. Any such changes can be made only under certain circumstances outlined in the Trust Deed.

We may also amend the SIPO for the Scheme, including benchmark asset allocations and ranges, in consultation with the Supervisor.

The investor will be notified of any material changes to the Trust Deed or the SIPO where required by the Trust Deed or law, as set out in the relevant Fund’s PDS.

13. Risks

All investments carry some level of risk. Past performance is not necessarily an indication of future returns.

The main types of risks that Investors face are that they may not receive the returns they expect, that the capital value of their investments may end up less than they originally invested, or that they may be unable to get back their money when they need it.

There is a link between the risk of an investment and the likely return the investment will provide. Generally, the higher the risk, the greater the potential return will be for Investors. The converse also applies: the lower the risk, the lower the expected return. However, returns offered on investments are also affected by fees and expenses charged in connection with the investment, which should be taken into account when comparing returns.

Each type of investment has its own characteristic mix of risk and return. However, the particular risks and returns for any type of investment at any time depend on fluctuating market conditions, as well as the soundness and risk management practices of the investment manager.

There is a risk, particularly in the short to medium term, that if any of the risks eventuate, you may receive less than the amount you paid for your Units.

Risks are outlined in the relevant fund's PDS.

14. Material contracts

The following is summary of the contracts that we consider to be material in relation to the funds.

Trust Deed

The Trust Deed is an agreement between Nikko AM NZ and the Supervisor which came into effect on 1 July 2016. The Trust Deed governs the establishment and management of the funds and the relationships between us and the Investors, and between us and the Supervisor.

The Trust Deed is available on the scheme register on the Disclose website at www.business.govt.nz/disclose.

Supervisor Agreement

The Supervisor Agreement is supplementary to the Trust Deed.

It specifies our agreement with the Supervisor regarding reporting and information to be provided by us to the Supervisor.

Nothing in the Supervisor Agreement – Retail limits or alters the powers of the Supervisor or our duties under the Trust Deed and applicable law.

Investment Management Agreement

Goldman Sachs Asset Management Australia Pty Limited (GSAM)

We have entered into an Investment Management Agreement with GSAM dated 3 May 2012. This Agreement employs GSAM as an underlying fund manager to manage the investments of our Nikko AM Wholesale Global Bond Fund given their expertise and presence in the relevant jurisdictions. We receive monthly updates on the holdings, valuations and status of the fund. We can terminate the Investment Management Agreement at any time at 60 days' notice.

Nikko Asset Management Europe Limited (NAME)

We have entered into an Investment Management Agreement with NAME dated 26 June 2017. The Agreement employs NAME as an underlying fund manager to manage the investments of our Nikko AM Wholesale Global Shares Fund given their expertise and presence in the relevant jurisdictions. We receive monthly commentary on performance and updates on the holdings of the fund. We can terminate the Investment Management Agreement at any time at 10 business days' notice.

Delegation agreement – Global Equity Funds

We have an Agreement with Yarra Capital Management. (“Yarra”) This Agreement delegates strategy and implementation to Yarra for the Nikko AM Wholesale Global Equity Unhedged Fund. The decision on appointment of the underlying fund managers to manage the investments of the Nikko AM Wholesale Global Equity Unhedged Fund remains with us but is implemented by Yarra. They provide us with monthly updates on the holdings, valuations and status of the fund. We can terminate the delegation agreement at any time at 30 days' notice and termination/appointment of the underlying fund managers remains at our discretion.

Administration Agreement

The Administration Agreement is a contract between us and BNP Paribas (“**Administration Manager**”) dated 27 June 2011. This Agreement appoints the Administration Manager as an administrator to perform middle office services including:

- Transaction and Derivatives Management including non-market transactions
- Corporate Actions
- Reconciliations
- Pricing and Fund Valuations
- Accounting and Financial Reporting
- Tax
- Unit Pricing
- Performance Analytics
- Mandate Compliance

When required, the Administration Manager also assists us with the preparation of annual financial statements for the funds.

Unit Registry Agreement

The Unit Registry Agreement is a contract between us and Apex Investment Administration (NZ) Limited.(formerly MMC Limited), dated 17 November 2017. This agreement appoints Apex Investment Administration (NZ) Limited. as the Unit Registrar for all Nikko AM NZ funds.

15. Financial statements and auditor’s report

In line with the ‘three lines of defence’ model, the Nikko AM Audit Committee conducts the annual internal audit which includes reviews on compliance management processes, procedures, systems and management controls. All audit reports are issued to our Board and Compliance, Risk and Disclosure Committee.

The Administration Manager provides us with quarterly compliance assurance reports as well as semi-annually ISAE3402 independent audit assurance on their operational controls and effectiveness.

KPMG is the auditor of both the Scheme and the Manager.

Financial statements for the Funds are available on the scheme register on the Disclose website www.business.govt.nz/disclose.

16. Deferral and suspension of withdrawals

Deferral

We may defer withdrawals if we receive withdrawal requests over a period of 3 months totalling more than 5% of the total Units on issue in a fund and we consider it is in investors’ interests to defer immediate withdrawal. In this event we will allow withdrawal by instalments over a period which we consider appropriate. The timeframe will be determined by circumstances existing on capital markets.

In addition, we may take any action we think appropriate to ensure a fund remains eligible to be a PIE. These steps include to compulsorily withdraw your Units and pay the proceeds to your nominated bank account.

Suspension

We may suspend your right to withdraw Units in any fund if we receive withdrawal requests totalling more than 20% of the Units on issue in that fund over a three month period.

If we take this action, we must notify the Supervisor of our intention to suspend redemptions and send all Investors a suspension notice. If we wish to suspend redemptions for more than six months from the date of the notice, we are obliged to immediately call an Investor meeting to consider winding up the relevant fund or take action which Investors consider appropriate.

In addition, we may also defer or suspend the withdrawal of any Units in a fund where:

- There is a material adverse change in the position (financial or otherwise) of either ourselves or the fund;
- There is a material adverse change in domestic or international financial markets;
- There is any other material adverse reason relating to the fund, ourselves or the Supervisor.

In this event, the Supervisor must be notified. Again, if we wish to suspend for more than six months we must also call a meeting of Investors to consider winding up the relevant fund or take such action as Investors see fit.

Taxation

This section briefly summarises the New Zealand taxation regime. It is intended as a general guide only. All Investors have different taxation positions and should seek their own tax advice prior to investing.

Portfolio Investment Entities

Each fund has elected to be a Portfolio Investment Entity (PIE).

Under the PIE tax regime, each fund will attribute income to its Investors and, where applicable, pay tax on attributed income on behalf of Investors with a Notified Investor Rate (NIR) of greater than zero.

Each fund will pay the PIE tax deducted from an Investor to Inland Revenue (IRD). The amount of tax payable by a fund will be the total of the PIE tax liability of all Investors in that fund collectively.

The PIE tax liability paid by a fund on your behalf will be a final tax as long as you have provided your correct Prescribed Investor Rate (PIR) to us. A PIR once notified becomes an NIR. If you do not notify your PIR at all then the NIR applied will be the default maximum rate (see 'Individuals' and 'Non-Individuals' below).

Individuals

Because the Scheme is a portfolio investment entity, the amount of tax you pay is based on your prescribed investor rate.

Further information about how the Scheme is taxed, can be found at: <https://www.ird.govt.nz/roles/portfolio-investment-entities/using-prescribed-investor-rates>

You must advise us of your PIR and valid IRD number when you apply to invest in a Fund. You must also notify us if your PIR changes at any time. If you do not provide your PIR to us you will automatically be taxed at the default maximum rate of 28% on your attributed income from a Fund.

If the rate applied to your PIE income is lower than your correct PIR you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

Non individuals

Non individual Investors (e.g. a company, a charity or a portfolio investor proxy) who provide us with a valid IRD number will have a PIR of 0%. If you are investing on behalf of one of these entities and you do not provide us with a valid IRD number, the default PIR of 28% will apply. If the entity has a PIR of 0% you must account for tax on its attributed taxable income from the fund in its own income tax return unless it is tax exempt.

If a non-individual Investor is a trust their PIR will be 0% unless the trustees of the trust elect to apply a 28% PIR, a 17.5% PIR or a 10.5% PIR (which is only available to certain testamentary trusts). However, if you do not provide a valid IRD number for the trust, the PIR will be the default PIR of 28%. If the 0%, 10.5% or 17.5% PIR applies, the trust must account for any attributed taxable income from a fund within its own income tax return (at the appropriate tax rate) or distribute it as beneficiary income. PIE tax paid is available as a credit against tax payable by either the trust or the beneficiaries. If a trust chooses a 28% PIR, we will pay tax at the 28% rate and that will be a final tax.

Custodial Investors

Special provisions apply for custodians who hold legal title to Units on behalf of underlying Investors who have provided funds for the Units held by the custodian. Such custodian may give notice to the fund that the custodian is a Proxy. If you invest through a custodian who has elected to be a Proxy, then neither ourselves nor the Trustee will undertake the following responsibilities, which will instead be undertaken by the custodian:

- Calculating and organising payment of tax liability on income attributed to the Proxy by applying the PIRs of the underlying Investors;
- Making adjustments to the Units held on behalf of underlying investors (by requesting the redemption of Units) or the distributions (if any) made to underlying investors or requiring payments to be made by the underlying investors which reflect the tax liability on income attributed to the underlying investors;
- Organising the provision of returns and other information to the IRD;
- Providing us any information concerning the underlying investors that may be relevant to whether the fund continues to meet PIE eligibility requirements.

We may require Proxies to enter into contractual arrangements with us regarding compliance by Proxies with tax requirements.

Foreign residents

If you are not a New Zealand resident your attributed income from a fund will be taxed at 28%. We will account to the IRD directly for tax on your attributed income from a fund, so any income distributed to you will be net income.

Funds known as “foreign investment zero rate PIEs” and “foreign investment variable rate PIEs” are intended to reduce taxation of foreign investors’ investment in PIEs. We do not currently offer these types of funds as most of our investors are New Zealand residents.

We recommend non New Zealand residents seek their own independent professional taxation advice.

Additional PIR information

For joint Investors the PIR applied to the attributed income allocated to your PIE holding will be the highest PIR applicable to any of you.

Please note that the IRD may notify us to disregard an Investor’s notified PIR and instead apply a different PIR.

Investments not subject to Foreign Investment Fund (FIF) Regime

As long as any of the funds remains a PIE, that fund will not be subject (where applicable) to tax on any capital gains made on the disposition of shares held in New Zealand resident companies or certain Australian resident companies listed on an approved Australian Stock Exchange index.

Investments subject to FIF Regime (FDR applies)

Certain foreign equities (where applicable) will in most instances be taxed under the fair dividend rate (FDR) method. Under this method, a fund will calculate taxable income based on 5% of the market values of offshore equities, calculated on a daily basis. Any dividends (or profits from sale of shares) will not be taxed separately. However, a fund will still be entitled to a credit for foreign withholding tax paid on dividends received on equities, subject to certain limits.

Under FDR, any losses in respect of holdings in overseas shares are not deductible to a fund for tax purposes.

Other Non-Equity Investments

Other income of a fund will be subject to the relevant normal tax rules. Tax may be imposed in overseas jurisdictions in relation to overseas investments (although this may give rise to a tax credit in New Zealand).

Tax Credits

If there is a tax loss or there are excess tax credits attributed to Investors who have notified a PIR of greater than zero for a period, these will generally be available to you in the form of a tax credit. Upon receipt of the monies from Inland Revenue, a fund will either re-invest this tax credit by purchasing units in that fund on your behalf in respect of annual attributions (as at 31 March) or include it in the net proceeds payable to you or applied on your behalf as a result of a full withdrawal. For non-individuals with a 0% PIR, the tax loss may be available for offset in that Investor’s tax return against other income, with any excess available to carry forward.

Switches

A switch is regarded as a withdrawal from an investment and an acquisition of a new investment. If you make an application to withdraw or switch, the Manager will deduct any PIE tax required from the amount that is withdrawn or switched between the funds and pay such PIE tax to Inland Revenue.

Distributions and Withdrawals

Distributions are not subject to any tax. The amount paid on the withdrawal of Units is not subject to any tax. However, if you have a PIR greater than 0%, we may cancel Units to meet the relevant PIE tax liability for the period up to the time of withdrawal.

Sale of Units

The tax treatment of sales of Units in the funds depends on your tax status. Generally the profit on sales will be taxable if you:

- Acquired Units with the purposes of disposing of them;
- Are a dealer in investments of the same kind as the Units and acquire the Units for the purpose of that business;
- Are engaged in a business, an ordinary occurrence of which is the sale of investments of the same kind as the Units.

Returns and Payment of Tax to IRD

The funds will return Investors' PIE tax to the IRD annually.

The funds will pay tax on behalf of Investors at different rates and may receive tax credits which are only attributable to certain Investors. Accordingly, to maintain equity between Investors, we will either:

- adjust the units held by Investors (by redeeming units equal in value to the tax paid by a fund in respect of them, or by issuing additional units equal in value to their share of any credits); or
- adjust the withdrawal entitlement of tax paid by Investors (by deducting the amount of PIE tax paid in respect of them).

If your account balance is insufficient to meet the PIE tax liability, then the Trustee and ourselves are indemnified by the Investor for the shortfall.

There may always be future changes to the taxation legislation and tax rates which may impact each Investor differently. You should always seek independent professional tax advice suitable to your individual circumstances.

17. Investing through a Portfolio Investor Proxy (PIP) or another custodial service

Investment in the funds is available via financial advisors, who use a custodial or proxy service, as well as sites such as InvestNow. If you invest through such services, you will not become a direct Investor in the funds and will not have a direct relationship with us or the Supervisor. Rather, the PIP or the Custodial Service has the direct relationship with us and will be able to exercise any rights attached to Units held. You will have a direct investment relationship with your PIP or the Custodial Service.

A PIP or the Custodial Service will have an agreement with you governing the terms of the custodial arrangement. Although you do not become a registered Investor in a fund, you are entitled to rely on the PDS, this Document and any other information on the Disclose register in respect of the offer of Units in the fund.

Reports, notices and other documentation will be sent directly to the PIP or the Custodial Service and all correspondence will be conducted by us with the PIP or the Custodial Service.

The PIP or the Custodial Service will have entered into an arrangement with us in respect of the funds. The PDS, this Document and any other information on the Disclose register outline the terms and conditions of investment in the funds made by a PIP or the Custodial Service, which may have been varied by such an arrangement. You should contact your PIP or the Custodial Service to ascertain whether any variations have been agreed between us and them.

You should ascertain from your PIP or the Custodial Service:

- whether any minimum investments or minimum withdrawals (other than those specified in the PDS) have been agreed between us and the PIP;
- the minimum amount that the PIP or Custodial Service requires to be invested and the consequences of failing to maintain that minimum amount;
- whether there are any timing cut-off times for transacting (e.g. applications and withdrawals); and
- whether any fees and charges are payable to the PIP or the Custodial Service (in addition to fees and charges set out in the PDS).
