

QuayStreet KiwiSaver Scheme Quarterly Fund Update

QuayStreet High Growth Fund

QUARTER ENDED 30 SEPTEMBER 2024

This fund update was first made publicly available on 29 October 2024

WHAT IS THE PURPOSE OF THIS UPDATE?

This document tells you how the QuayStreet High Growth Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

DESCRIPTION OF THIS FUND

The QuayStreet High Growth Fund invests in a diversified portfolio with a greater emphasis on growth assets. The investment objective is to provide a level of return above the Fund's benchmark over the long term.

Total value of the fund	\$1,944,054
Number of investors	56
Date the fund started	19 April 2024

WHAT ARE THE RISKS OF INVESTING?

Risk indicator for the QuayStreet High Growth Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at quaystreet.com/forms/risk-profiler.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 September 2024. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement (PDS) for more information about the risks associated with investing in this fund.

HOW HAS THE FUND PERFORMED?

Past year (to 30 September 2024)

Annual return (after deductions for charges and tax)	Not applicable
Annual return (after deductions for charges but before tax)	Not applicable
Market index annual return (reflects no deduction for charges and tax)	22.93%

The market index is a composite index consisting of 80% MSCI World (NZD) Net Total Return Index, 7.5% S&P/NZX 50 Gross Index, 7.5% S&P/ASX 200 Total Return Index, 4% S&P/NZX Investment Grade Corporate Bond Total Return Index and 1% S&P/NZX Bank Bills 90-Day Total Return Index. Additional information about the market index is available in the 'Other Material Information' document on the offer register at disclose-register.companiesoffice.govt.nz.

WHAT FEES ARE INVESTORS CHARGED?

Investors in the QuayStreet High Growth Fund are charged fund charges. Based on the Product Disclosure Statement dated 19 April 2024, these are expected to be:

	% per annum of fund's net asset value
Total fund charges (estimate)	1.33% ²
Which are made up of:	
Total management and administration charge (estimate)	1.33% ²
Including:	
Manager's basic fee	0.56%
Other management and administration charges (estimate)	0.77%
Total performance-based fees	0.00%
Other charges	Dollar amount per investor
Administration fee	\$30.00
Scheme expenses	\$4.40

Investors may also be charged individual action fees for specific actions or decisions (for example, withdrawing from or switching funds). See the PDS for more information about those fees, and the basis on which performance fees are charged.

The QuayStreet High Growth Fund invests in the QuayStreet Altum Fund, which is also managed by Smartshares Limited (Smartshares). Smartshares is entitled to charge a performance fee in respect of investments in the QuayStreet Altum Fund, which is reflected above (if any). See the PDS for more information about the basis on which performance fees are charged within the QuayStreet Altum Fund.

EXAMPLE OF HOW THIS APPLIES TO AN INVESTOR

Small differences in fees and charges can have a big impact on your investment over the long term.

Emma had \$10,000 in the fund on 19 April 2024 and did not make any further contributions. On 30 September 2024, Emma received a return after fund charges were deducted but before tax of \$498 (that is 4.98% of Emma's initial \$10,000). Emma also paid \$34.40 in other charges. This gives Emma a total loss after tax of \$415 for the period.

FURTHER INFORMATION

You can also obtain this information, the Product Disclosure Statement for the QuayStreet KiwiSaver Scheme, and some additional information, from the offer register at disclose-register.companiesoffice.govt.nz.

NOTES

- 1 Market index returns (as well as actual returns) have been used to complete the risk indicator, as the fund has not been in existence for 5 years. As a result, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund. The risk indicator for the fund uses 4 years and 7 months of market index returns.
- 2 The total annual fund charges include an estimated amount of costs and expenses to operate and manage the fund (to the extent they are not otherwise met out of the manager's basic fee), including bank fees, custodial transactional fees, audit and legal fees. The estimates have been based on the total amount of costs incurred during the QuayStreet Funds' previous financial year. The actual expenses incurred will vary from time to time. The Scheme expenses cover the costs and expenses incurred in the Scheme for operating and managing the Scheme, including audit and legal fees.
