WHAT ARE THE RISKS OF INVESTING?

Risk indicator for the Australasian Property Fund:

Lower risk Potentially lower returns	1	2	3	4	**5**	6	7	Higher risk Potentially higher returns

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at https://sorted.org.nz/tools/investor-profiler.

Note that even the lowest category does not mean a risk-free investment, and there may be other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years ended 31 March 2025. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the product disclosure statement (PDS) for more information about the risks associated with investing in this fund.

WHAT FEES ARE INVESTORS CHARGED?

Investors in the Australasian Property Fund are charged fund charges. In the year to 31 March 2024 these were:

	% of net asset value
Total fund charges[1]	1.02%*
Which are made up of:	
Total management and administration charges	1.02%
Including:	
Manager's basic fee	0.97%
Other management and administration charges	0.05%
Total performance based fees	0.00%

Other charges	Dollar amount per investor

*The manager expects that the fund charges for the next scheme year will be less than the fund charges disclosed in this fund update because the manager's basic fee was reduced effective 3 August 2023 from 1.00% to 0.95% per year.

Investors are not currently charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the PDS for more information about Scheme fees.

Small differences in fees and charges can have a big impact on your investment over the long term.
