The sales take up will be influenced by the residential property market. New resident enquiry is predominantly from the Auckland region and this market will materially influence the sales take up. Sales progress is monitored closely. STC management regularly review the PGP financial model and stress test the model in response to current market conditions. The stress tested security value at the development completion exceeds the debt and partners contribution. The level of debt and partners contribution exceeds the 31st of March 2020 assessed market value. Our forecasting predicts that this will continue until closer to project completion and sell down of the 81 apartments.
