

17 May 2019

AMP Investment Trust

Product Disclosure Statement

This is a replacement product disclosure statement which replaces the product disclosure statement dated 14 September 2018.

Offer of units in the AMP Investment Trust
- closed to new investors

Issued by AMP Wealth Management New Zealand Limited

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on disclose-register.companiesoffice.govt.nz. AMP Wealth Management New Zealand Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. AMP Wealth Management New Zealand Limited (AMP, we, our, or us) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of AMP and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you'll be charged are described in this document.

What will your money be invested in?

There are 11 investment options within the AMP Investment Trust (AIT or Scheme) offered under this Product Disclosure Statement (PDS).

These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at section 3 'Description of your investment option(s)'.
See section 4 'What are the risks of investing?' for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at today.amp.co.nz/risk-profile-calculator/.

Name	Brief description of fund and investment objective	Risk indicator	Annual fund charges (% p.a. estimated)	Contribution fee (maximum % per contribution)*
Diversified funds				
Select Conservative	Description: A well-diversified portfolio primarily investing in income assets with a conservative allocation to growth assets. Objective: To achieve modest to medium returns.		1.78%	5%
Select Balanced	Description: A well-diversified portfolio with a balance of risk through holding growth and income assets. Objective: To achieve medium returns.		1.87%	5%
Select Growth	Description: A well-diversified portfolio primarily holding growth assets with a low allocation to income assets. Objective: To achieve high returns.		1.96%	5%
Single sector funds				
Select Income	Description: A conservative fund that invests primarily in income assets. Objective: To preserve the value of your investment.		1.38%	5%
Select Cash	Description: A fund that primarily invests in cash and short-term deposits. Objective: To achieve modest, stable returns with a low level of investment risk.		0.82%	5%
AMPCI Global Fixed Interest	Description: A fixed interest fund that invests predominantly in international fixed interest assets. Objective: To preserve the value of your investment and achieve modest returns.		0.91%	5%

Name	Brief description of fund and investment objective	Risk indicator	Annual fund charges (% p.a. estimated)	Contribution fee (maximum % per contribution)*
AMPCI NZ Shares Index	Description: A passively managed fund of equities listed on the NZ stock exchange. Objective: To achieve long-term capital growth.		1.14%	5%
AMPCI NZ Shares	Description: A portfolio of predominantly NZ listed equities. Objective: To achieve long-term capital growth.		1.43%	5%
AMPCI Global Shares Index	Description: A passively managed portfolio of global equities listed on stock exchanges. Objective: To achieve long-term capital growth.		1.10%	5%
AMPCI Global Shares Index Hedged	Description: A passively managed portfolio of global equities listed on stock exchanges. Objective: To achieve long-term capital growth, 100% net hedged to New Zealand dollars.		1.15%	5%
AMPCI Global Shares	Description: The Fund invests in a selection of equities issued by companies listed on share markets around the world. Objective: To achieve long term capital growth through exposure to equities of companies listed on stock exchanges around the world.		1.72%	5%

*Contribution fee only applies if you've been investing in these funds since before 1 July 2011. See section 5 'What are the fees?' for further details.

Who manages the AMP Investment Trust?

AMP is the manager of the Scheme. See section 7 'Who is involved?' for further details.

How can you get your money out?

Investments in the Scheme are redeemable provided you meet minimum withdrawal and balance levels.

Your investment in these units in the Scheme can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

We may suspend withdrawals in certain circumstances if we think it would be impractical or materially prejudicial to investors generally to give effect to withdrawals.

For more information about when you can withdraw see section 2 'How does this investment work?'.

How will your investment be taxed?

The Scheme is a portfolio investment entity (PIE).

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 0%, 10.5%, 17.5% or 28%. See section 6 'What taxes will you pay?' on page 12 for more information.

Where can you find more key information?

AMP is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at amp.co.nz/ampinvestmenttrust. The manager will also give you copies of those documents on request.

2. How does this investment work?

This PDS offers you units in the investment funds set out on pages 7 to 9 within the Scheme provided you are currently invested in that particular fund. AMP is currently not accepting applications from new investors for these funds, except by invitation from AMP, and may accept or decline applications at its discretion. The Scheme is registered under the Financial Markets Conduct Act 2013.

In making an investment decision, we recommend you seek advice from a financial adviser. You can do this through your own Adviser or, if you don't have one, go to amp.co.nz to find an Adviser near you. Your Adviser's disclosure statement is available, on request and free of charge.

About the Scheme

The Scheme is a managed investment scheme. The key benefits of investing in the Scheme are:

- flexible investment as it gives you control of which funds to invest in and you can decide when to make withdrawals;
- having greater access to investments you may otherwise not be able to access as an individual as your money is pooled with other investors' money and invested by AMP;
- having your investment managed by experienced professionals – which is beneficial if you don't want to manage your own investment;
- having access to a range of investment funds, you can choose from the funds set out on pages 7 to 9 if you are currently invested in that particular fund or any other funds within the Scheme which are set out in the AIT – open to new investment and investors and AIT – eInvest Funds PDS's. Investment in the funds offered in the AIT – eInvest Funds is only available via a Service Provider – refer to that PDS for more information.

The Scheme is structured as a unitised trust which is divided into a number of separate funds. Each fund invests into underlying assets. The Scheme is governed by the trust deed between AMP and The New Zealand Guardian Trust Company Limited (Supervisor). Each fund's assets are held on trust by the Supervisor or its appointed custodian.

As an investor, you buy 'units' that represent your share in the relevant fund(s), although you don't acquire an interest in any particular asset of the Scheme or asset of any particular fund.

Generally, the difference between the price at which you buy units in a fund and withdraw them is your return. Each fund's unit price is determined by the value of its assets, less fees and expenses. The funds currently do not distribute income.

All liabilities incurred in relation to a fund (for example, the expenses of buying investments for that fund) can only be met from the assets of that fund. The assets of one fund cannot be used to meet the liabilities of another fund within the Scheme.

If you currently have a Cash Management Account (CMA) facility this is where the money associated with your investments flows in and out. For more information on how the CMA facility works refer to the 'AIT investing and withdrawing' document on the AMP website at amp.co.nz/ampinvestmenttrust.

Making investments

Individuals, trusts, companies and partnerships can all invest in the funds offered in this PDS provided they are currently invested in that particular fund, or are invited by AMP to invest in another fund offered under this PDS. You can also hold a joint account with another individual. These funds are only available for investment from within New Zealand.

You choose the amount you wish to invest and how often investments are made provided you maintain a minimum of \$1,000 in each of your chosen funds. After the initial investment, there is no obligation to make additional investments.

Your units will be issued at the unit price for the fund you've chosen applying on the valuation day for which your application is effective. If we receive your application prior to 5:00pm on a business day, your application will be effective for the next valuation day. If we receive your application after 5:00pm or on a non-business day, your application will be treated as having been received on the next business day. Valuation days are every business day unless suspended by AMP.

You can make regular or lump sum payments as set out below :

Payment Option	How to Invest?
Regular payments	<p>Regular payments can be made by direct debit.</p> <p>How to set up a direct debit: Complete the Direct Debit Authority available on amp.co.nz/amp/forms.</p> <p>Frequency: Weekly, fortnightly, four-weekly, monthly or quarterly.</p> <p>Minimum amount: \$50 per payment.</p> <p>Yearly increase facility: You can choose to use our yearly increase facility where your direct debit amount increases each year. Refer to the 'AIT investing and withdrawing' document for more information.</p>
Lump-sum payments	<p>How to make a lump-sum payment: You can make lump-sum payments by cheque, payable to 'AMP Investment Suite Subscription Account'. You need to complete the 'additional contribution form' and give the completed form to your Adviser or send it to Customer Services.</p> <p>Frequency: As often as you like.</p> <p>Minimum amount: Each lump-sum payment must be a minimum of \$250.</p>

For more information about investing, see the 'AIT investing and withdrawing' document. For copies of the forms, see amp.co.nz/amp/forms.

Withdrawing your investments

You can withdraw from the fund or funds at any time, by notifying us in writing or by completing a withdrawal form confirming the amount you wish to withdraw and from which fund or funds.

Withdrawals may be made by way of regular payments or as a lump sum. The minimum lump sum withdrawal amount is \$500 while the minimum regular withdrawal amount is \$100. Regular withdrawals can be made monthly or quarterly. The minimum amount that must remain in each fund after a withdrawal is \$1,000.

If we receive your withdrawal request before 5:00pm on a valuation day, your withdrawal will be determined at the unit price applying on that day, unless we determine it is not reasonably practicable for withdrawals to be effective for that day (in which case the unit price applying on the next valuation day will be used). If we receive your application after 5:00pm or on a day that is not a valuation day, your application will be treated as having been received on the next valuation day.

You can transfer your holdings in a fund to another person or party subject to the prescribed minimum balances. A transfer is treated as a withdrawal of units from one fund and an application for units in another fund.

We may at any time suspend (delay) processing withdrawal, transfer or switch requests if we think it would be impractical or materially prejudicial to the interests of investors generally to process them. The suspension may only exceed 90 days (or, in the case of any request to transfer your investment to someone else, 30 business days) if the Supervisor has given its prior approval. For more information about withdrawals, see the 'AIT investing and withdrawing' document. For the required forms, see amp.co.nz/amp/forms.

There may be a small delay in processing withdrawals over the PIE tax year end which is 31 March.

No person, including the Government, guarantees the performance or obligations of the Scheme.

How to switch between funds

You can generally switch your investment to another fund offered in this PDS if you are currently invested in that particular fund, or are invited by AMP to invest in another fund offered under this PDS, or to any of the funds offered in the AIT – open to new investment and investors PDS at any time. Switches are subject to the restrictions on withdrawals noted above.

A switch is treated as a withdrawal of units from one fund and an application for units in another fund.

You will need to complete the required forms which are available at amp.co.nz/amp/forms. There are no restrictions on the number of switches that you can request.

3. Description of your investment option(s)

Target investment mix legend

	Cash and cash equivalents

Fund name	Investment objective and strategy summary (including target investment mix)	Risk indicator	Minimum suggested investment time frame
-----------	---	----------------	---

Diversified Funds

Select Conservative

To achieve modest to medium returns – in exchange there may be small movements up and down in the value of your investments.

To provide a well-diversified portfolio that primarily invests in lower-risk income assets with a conservative allocation to growth assets.

Target investment mix

2 years

Select Balanced

To achieve medium returns – in exchange there will be some movements up and down in the value of your investments.

To provide a well-diversified portfolio that has a balance of risk through holding growth assets and an allocation to lower-risk income assets.

Target investment mix

4 years

Select Growth

To achieve high returns – in exchange there will be larger movements up and down in the value of your investments.

To provide a well-diversified portfolio that aims to provide growth, primarily through holding growth assets. The fund has a low allocation to income assets.

Target investment mix

10 years

Single Sector Funds

Select Income

To primarily preserve the value of your investment by investing in fixed interest and cash assets.

Target investment mix

2 years

Select Cash

To achieve modest, stable returns with a very low level of investment risk – in exchange there should be no significant short-term movements in the value of your investments.

Investment is primarily in cash and short-term deposits.

Target investment mix

1 year

Fund name	Investment objective and strategy summary (including target investment mix)	Risk indicator	Minimum suggested investment time frame
-----------	---	----------------	---

Single Sector Funds

AMPCI Global Fixed Interest

To primarily preserve the value of your investment with some capital growth by investing in fixed interest securities issued in bond markets around the world.

The Fund is a diversified portfolio of international fixed interest securities using a combination of specialist investment managers. The multiple manager approach provides exposure to a range of sectors and securities as well as diversification across investment approaches.

Target investment mix

3 years

AMPCI NZ Shares Index

To achieve long-term capital growth primarily through exposure to a passively managed portfolio of equities of companies listed on the NZ stock exchange.

The fund aims to closely match the holdings of the S&P/NZX 50 Index Gross with Imputation. As such, the fund will primarily have exposure to equities of the 50 largest companies listed on the NZ stock exchange.

Target investment mix

10 years

AMPCI NZ Shares

To achieve long-term capital growth through exposure to a portfolio of predominantly NZ equities.

The fund may have exposure to equity securities of companies that are either based in NZ or carry out the main part of their business in NZ.

Target investment mix

10 years

AMPCI Global Shares Index

To achieve long-term capital growth primarily through exposure to a passively managed portfolio of shares of companies listed on stock exchanges around the world.

The fund aims to closely match the holdings of the MSCI World ex Tobacco Net Index with net dividends reinvested.

Target investment mix

10 years

Fund name	Investment objective and strategy summary (including target investment mix)	Risk indicator	Minimum suggested investment time frame
-----------	---	----------------	---

Single Sector Funds

AMPCI Global Shares Index Hedged

To achieve long-term capital growth primarily through exposure to a passively managed portfolio of equities of companies listed on stock exchanges around the world.

The fund aims to closely match the holdings of the MSCI World ex Tobacco Net Index 100% hedged to New Zealand dollars with net dividends reinvested.

Target investment mix

10 years

AMPCI Global Shares

To achieve long term capital growth through exposure to equities of companies listed on stock exchanges around the world (which may include the NZ stock exchange for this Fund).

The Fund invests in a selection of equities issued by companies listed on share markets around the world.

Target investment mix

10 years

The Statement of Investment Policy and Objectives (SIPO) sets out the investment policies and objectives for each fund. We may change the SIPO for any fund from time to time in accordance with the trust deed and SIPO. You will be given more than two months' notice of any proposed changes that affect the terms of issue of a fund unless we and the Supervisor agree the variation is not material or the change is to affect only units issued after the effective date of the change. Any other change may be made without notifying you. We will give the Supervisor prior notice of any changes in accordance with the trust deed.

The updated SIPO is available, free of charge, from the AMP website at amp.co.nz/ampinvestmenttrust. Material changes to the SIPO will be described in the Scheme's annual report.

Further information about the assets in each fund can be found in the fund updates at amp.co.nz/ampinvestmenttrust.

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

For the filled-in risk indicator for each fund detailed in this PDS, see section 1 'Key information summary'.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at today.amp.co.nz/risk-profile-calculator/.

Note that even the lowest category doesn't mean a risk-free investment, and there are other risks (described under the heading 'Other specific risks') that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the 5 years to 31 March 2019. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund updates for each fund.

General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are asset allocation risk, market risk, currency risk, interest rate risk, credit risk and liquidity risk.

Investment risks	Description
Asset allocation risk	Risk of negative or lower than expected returns from the funds' investments in that particular sector, as different assets have different levels and types of risk. For example, equities and property are considered more risky and exposed to more volatility of investment return than cash and fixed interest assets.
Market risk	Risk that the funds' investment return will fluctuate as a result of changes in market conditions. These conditions include but are not limited to economic and regulatory conditions, political events, environmental and technological issues.
Currency risk	Risk that the value of a financial instrument will fluctuate as a result of changes in foreign exchange rates. Investments denominated in foreign currencies will fall if the New Zealand Dollar strengthens against those currencies, all else being equal.
Interest rate risk	Risk that the funds' investment return will fluctuate as a result of changes in interest rates. The funds' exposure to interest rate risk primarily arises from investments in interest-bearing instruments such as cash and bonds.
Credit risk	Risk that a borrower may default on their financial obligations or be otherwise unable to meet their financial obligations, either in whole or in part, under a contract. The impact of this will be a reduction in the level of returns or the full amount of the investment not being recovered.
Liquidity risk	Risk that the funds will experience difficulty in either realising assets or otherwise raising sufficient funds to satisfy financial obligations. Low liquidity means it may not be possible to sell assets at the desired time at fair value. This will impact the funds' ability to make payments as required such as withdrawal requests.

Other specific risks

There are factors that impact investors' returns that are not reflected in the risk indicators. These risks relate to AMP's investment strategy which includes the selection of the underlying fund managers. The underlying fund managers have their own approaches in selecting which investments to buy and sell and there'll be times when market conditions result in a particular style doing better than others and times when it doesn't do as well, and investors' returns will move up and down accordingly. To reduce this risk AMP monitors and reviews the investment performance and investment options of underlying fund managers.

Other specific risks include fund of funds risk, service provider risk and concentration risk. Details of these, and other general risks, can be found in the 'AIT risks' document on the Scheme's offer register entry at disclose-register.companiesoffice.govt.nz.

5. What are the fees?

You'll be charged fees for investing in the Scheme. Fees are deducted from your investment and will reduce your returns. If AMP invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (for example, contribution fees).

These are as follows for the funds offered in this PDS:

Fund	Management fee*	Costs and expenses (estimated)*	Total annual fund charges (estimated)*
Diversified funds			
Select Conservative	1.55%	0.23%	1.78%
Select Balanced	1.60%	0.27%	1.87%
Select Growth	1.65%	0.31%	1.96%
Single sector funds			
Select Income	1.20%	0.18%	1.38%
Select Cash	0.65%	0.17%	0.82%
AMPCI Global Fixed Interest	0.50%	0.41%	0.91%
AMPCI NZ Shares Index	0.55%	0.59%	1.14%
AMPCI NZ Shares	0.85%	0.58%	1.43%
AMPCI Global Shares Index	0.50%	0.60%	1.10%
AMPCI Global Shares Index Hedged	0.50%	0.65%	1.15%
AMPCI Global Shares	0.90%	0.82%	1.72%

*Percentage of net asset value

Description of the above fee categories:

Fee	Description	How is the fee paid?
Annual fund charges	Management fee Used to pay for the investment management services and the Supervisor's fee. For the diversified funds, Select Cash and Select Income the management fee is also used to pay for the administration fee. The administration fee is used to pay for the administration costs incurred in running the funds.	Management fee Deducted from, and reflected in the unit price of, the funds concerned.
	Costs and expenses <i>Administration fee</i> For the single sector funds (excluding Select Cash and Select Income) the administration fee is used to pay for the administration costs incurred in running the funds.	Cost and expenses <i>Administration fee</i> For the single sector funds (excluding Select Cash and Select Income) the administration fee included within the cost and expenses is deducted from your CMA every month.
	<i>Other costs and expenses</i> These include the costs and expenses charged by the underlying funds and expenses incurred in running the funds. These include accounting, audit, and regulatory compliance costs. These charges are estimated.	<i>Other costs and expenses</i> Deducted from, and reflected in the unit price of, the funds concerned.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable. See the 'AIT fees and other charges' document on the AMP website at amp.co.nz/ampinvestmenttrust for more information.

Individual action fees

Contribution fee

We may deduct a contribution fee for purchase of units up to 5% of each payment. This fee is deducted from each contribution received and paid to your Adviser – you will have agreed this fee with your Adviser. We will not charge this fee if you signed up to the funds after 1 July 2011.

There are currently no establishment, termination or withdrawal fees charged. You may be charged other fees on an individual basis for investor-specific decisions or actions. Further information is in the 'AIT fees and other charges' document at amp.co.nz/ampinvestmenttrust.

Example of how fees apply to an investor

Rachel invests \$10,000 in the Select Conservative Fund. She is charged a contribution fee of \$500 (5% of \$10,000). This brings the starting value of her investment to \$9,500. She is also charged annual fund charges, which work out to about \$169.10 (1.78% of \$9,500). These fees might be more or less if her account balance has increased or decreased over the year.

Estimated total fees for the year

Individual action fees: \$500

Fund charges: \$169.10

Other charges: \$Nil

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Select Conservative Fund. If you're considering investing in other funds in the Scheme, this example may not be representative of the actual fees you may be charged.

Financial Adviser Fee/Service Provider Fee

Your Adviser may charge you fees to cover the cost of establishing or reviewing your investment plan and the ongoing services they provide. You agree the amount of these fees with your Adviser. AMP will deduct the fees from your CMA and pay them to your Adviser.

The fees can be changed

The Supervisor's fee is covered by the annual fund charges levied by AMP. The Supervisor's fee can be changed by agreement between AMP and the Supervisor.

We may waive part or all of any management fee or decrease any management fee. Subject to the trust deed we may increase the management fee in any fund by giving at least one month's prior notice to all affected investors of that fund.

AMP must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at amp.co.nz/ampinvestmenttrust.

6. What taxes will you pay?

The Scheme is a portfolio investment entity. The amount of tax you pay is based on your Prescribed Investor Rate (PIR). To determine your PIR, go to amp.co.nz/pie. If you're unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It's your responsibility to tell AMP your PIR when you invest or if your PIR changes. If you don't tell AMP, a default rate may be applied. If the advised PIR is lower than the correct PIR, you'll need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR is higher than the correct PIR, you'll not get a refund of any overpaid tax.

For more information about the tax consequences, see the 'AIT tax' document on the AMP website at amp.co.nz/ampinvestmenttrust.

7. Who is involved?

About AMP Wealth Management New Zealand Limited

Details about AMP is in the 'AIT who is involved?' document on the Scheme's offer register at disclose-register.companiesoffice.govt.nz.

Address: AMP Wealth Management New Zealand Limited
Level 21, AMP Centre
29 Customs Street West, Auckland 1010
Freeport 170, PO Box 55, Shortland Street, Auckland 1140

Telephone: 0800 267 111

Who else is involved?

	Name	Role
Supervisor	The New Zealand Guardian Trust Company Limited	Supervises AMP as the manager.
Custodian	The New Zealand Guardian Trust Company Limited through its subsidiary FS Nominees Limited	Holds the assets of the funds on behalf of investors.
Administration Manager	AMP Services (NZ) Limited	Provides administration functions.
Other	AMP Capital Investors (New Zealand) Limited	Provides investment advice and recommendations.

8. How to complain

You can lodge a complaint as follows:

Go to our website: amp.co.nz
Email us at: investments@amp.co.nz
Call us on: 0800 267 111, Monday to Friday 8am – 6pm
Write to us at: Customer Response Manager
AMP Wealth Management New Zealand Limited
Freepost 170, PO Box 55, Shortland Street, Auckland 1140

We are a member of the Insurance & Financial Services Ombudsman Scheme (IFSO), an approved dispute resolution scheme. If you've complained to us and you've reached the end of our internal complaints process without your complaint being resolved to your satisfaction, the IFSO may be able to consider your complaint.

You can contact the IFSO by phoning **0800 888 202**, emailing info@ifso.nz, or writing to:

Insurance & Financial Services Ombudsman Scheme
PO Box 10-845
Wellington 6143

The IFSO won't charge a fee to investigate or resolve a complaint.

You can also make a complaint to the Supervisor:

Write to: The Manager, Corporate Trusts
The New Zealand Guardian Trust Company Limited
PO Box 3845
Wellington 6140

Telephone: 0800 878 782

The Supervisor is a member of an approved dispute resolution scheme operated by Financial Services Complaints Limited (FSCL). If your complaint to the Supervisor hasn't been resolved you can refer it to FSCL.

You can contact FSCL by phoning **0800 347 257**, emailing complaints@fscl.org.nz, or writing to:

Financial Services Complaints Limited
4th Floor, 101 Lambton Quay
PO Box 5967
Wellington 6140

FSCL won't charge a fee to investigate or resolve a complaint.

9. Where you can find more information

Further information relating to the Scheme, including financial statements, annual reports, quarterly fund updates, the Trust Deed, and SIPO, is on the offer and scheme register at disclose-register.companiesoffice.govt.nz. A copy of the information on the offer and scheme register is available on request to the Registrar of Financial Service Providers.

Investors in the Scheme will also receive transaction statements at least in six monthly intervals. The statement will also show you how your balance is broken down between your funds. A transaction statement is available free of charge by contacting us.

We will also send you an annual PIE Tax statement by 31 May each year, showing you how much PIE tax has been paid or rebated to you for the tax year.

Other general information about us and the funds is on our website at amp.co.nz or on request to AMP.

10. How to apply

We are currently not accepting applications for investment in the funds offered in this PDS other than from investors that are currently invested in that particular fund. To apply for additional units in a fund for which you currently hold investments in, please complete the 'additional contribution' form available on amp.co.nz/amp/forms. Payment for your units will also need to be made, as set out in section 2, 'How does this investment work?'.

Phone 0800 267 111
Email investments@amp.co.nz
Web amp.co.nz
